Changes in positions of Buoys.

THE following information has been received from the Resident at Aden, through Commander A. Carpenter, R. N., in charge Marine Survey of India.

Efat Buoy (red with black cage) has been replaced 7 cables N. $\frac{1}{4}$ E. (True) of its old position on Admiralty Chart No. 919, Obokh, Berbera and Zeila. It now lies in 8 fathoms water.

Channel Reef Buoy (red with black cage) has been replaced one cable N. E. $\frac{1}{4}$ E., true, of its old position on the same chart. It now lies in 7 fathoms water.

These buoys are exactly alike. It is to be hoped that one will soon be painted another colour, or given a different cage.

Caution is necessary in using the passage between Channel Reef and Shab Filfil, not to pass near the buoy, as the Reef appears to extend more to the southward than shown on the chart. See Admiralty Chart 919.

SENATE HOUSE,
The 1st November, 1887.

BEHAR CIRCLE.

ENTRANCE EXAMINATION, 1888.

THE attention of those who wish to appear at the Entrance Examination of 1888, as teachers or as private students, is called to the following :—

I. By "teacher" is meant one who has been employed as such since 1st January 1887, and is a *bonâ fide* teacher, in receipt of a salary at the time of the examination. Satisfactory evidence of this will be required of those who wish to appear as teachers for the Entrance, F. A., or B. A. examinations.

II. Private students will have to produce evidence that they have not read in any school since May 1887, and send, together with their application, a certificate from the head-master of the last school they read in showing that they have observed the Inter-school Rules.

III. Teachers and private students will have to appear at the test examination of the nearest zillah school and pay a fee of two rupees.

IV. The application forms, when sent for the signature of the undersigned, must be accompanied by a statement signed by the head-master showing that there is a reasonable probability of the applicant's passing.

V. No applications to be allowed to appear at the test examination will be received later than 31st December 1887 from either teachers or private students.

VI. Head-masters of the zillah schools are informed that the standard of marking for the test examination is to be just that of the University. If candidates, whether pupils of the school, teachers or private students, fail to pass in more than two subjects, or fail very badly in two, their marks must be submitted to the undersigned, to decide whether they shall be sent up or not. Care must be taken to submit the marks in time.

INDIA OFFICE,

No. 89.

London, 28th July 1887.

His Excellency the Right Honourable the Governor-General of India in Council.

MY LORD,—I transmit, for the information of your Excellency in Council, copy of letter addressed to me by His Royal Highness Prince Christian of Schleswig Holstein, request-

8th June 1887.

ing that the attention of the Governors of Provinces in India may be called to the scope and objects of the Royal Holloway College. A copy of my reply is also forwarded, together with a copy of a further letter from the College on the subject.

29th June 1887.

1st July 1887.

2. In accordance with the promise given in my letter to His Royal Highness, I request your Lordship to cause the accompanying packet to be forwarded to the Directors of Public Instruction to be dealt with in such manner as may be deemed to be expedient.

I have the honour to be,

My Lord,

Your Lordship's most obedient, humble Servant,

CROSS.

No. J.L.P. 1023, dated Holloway College, Mount Lee, Egham, 8th June 1887

From—His Royal Highness THE PRINCE CHRISTIAN OF SCHLESWIG HOLSTEIN, K.G.,
To—Her Majesty's Secretary of State for India, London.

As Chairman of the House Committee of Governors of this College, which is to open on the 4th October, I have been desired to ask if you would do them the favour to cause to be inserted in your Circulars to the Governors of Provinces a short paragraph inviting their attention to the scope and objects of the College, and to the benefits it will probably confer on many of our brethren in India who may wish to send their daughters for education here.

There are, to begin with, fifteen scholarships to be competed for in August or September, and these will be open to all; and judging by the numbers of applications for information received from abroad, it is evident that the advantages to be offered by the College will be sought for in many distant parts of the Empire, as well as in this country.

If it be in your power to comply with my request, the Secretary of the College will forward to the India Office a parcel of the Prospectuses, a few of which might accompany your Circulars to the Governors of Provinces. Advertisements would then be inserted by us in the papers circulating in those Provinces stating—if you would allow us to add this—that copies of the prospectus can be obtained by applying to the offices of the various Governors.

The Committee are very sensible of the great service which the India Office could render the College, as well as our kinsmen abroad, by allowing information to be disseminated in the manner I have ventured to suggest; and they will be very grateful for any assistance which it may be in your power to offer.

If one of your Under Secretaries would be good enough to make an early appointment with our Secretary, Mr. J. L. Clifford Smith, he would call and receive instructions as to the wording of the advertisements and other necessary matters.

No. J & P. 1023-87, dated India Office, the 29th June 1887.

From—Her Majesty's Secretary of State India,
To—His Royal Highness PRINCE CHRISTIAN OF SCHLESWIG HOLSTEIN, K.G., &c.,
Holloway College, Mount Lee, Egham.

I HAVE the honour to acknowledge the receipt of Your Royal Highness' letter of the 8th instant, requesting that the attention of the Governors of Provinces in India may be called to the scope and objects of the Holloway College.

I shall have much pleasure in transmitting to the Governments of India, Madras and Bombay any copies of the Prospectus of the College which Your Royal Highness may send to me for the purpose. Those Governments will not be able to undertake the general distribution of the Prospectus; but I propose to suggest to them that the copies should be given to the Directors of Public Instruction in India to be used by them in such manner as in their discretion they shall think most likely to advance the objects which the Governors of the Holloway College have in view.

No. J & P. 1023, dated Egham, 1st July 1887.

From J. L. CLIFFORD SMITH, Esq., Secretary, Royal Holloway College,
To—Her Majesty's Secretary of State for India.

I AM desired by His Royal Highness Prince Christian to acknowledge the receipt of your Lordship's courteous communication of the 29th ultimo, and to thank you on his behalf and on that of the Governors for your Lordship's kind offer to transmit to the Governments of India, Madras and Bombay copies of the Prospectus of this College.

His Royal Highness is very sensible of the value of this attention on the part of the India Office; and I am furthermore to express the Prince's sincere appreciation of your Lordship's proposal to suggest that those Governments should give the copies to the Directors of Public Instruction in India, to be used by them in such manner as in their discretion they may think most likely to advance the objects which the Governors of this College have in view.

I have to-day sent by passenger train a parcel containing some copies of the Prospectus and forms of entry, as also twelve copies of a description of the foundation and opening of the building.

PRINCIPAL—MISS BISHOP.

(At present Head Mistress of the Oxford High School.)

THE College will open on Tuesday, October 4th, 1887.

The College Session will extend from the beginning of October to the beginning of July, and will be divided into three terms of about eleven weeks each, with about three weeks' vacation at Christmas and at Easter.

The Charge for Board, Lodging, and Tuition will be £30 a term, payable in advance. This charge will include all expenses except Laundress, special Medical Attendance, Fees for University Examinations, and individual lessons in Music, Singing or Painting. Arrange-

ments will be made to allow Students whose circumstances render it necessary, and who obtain permission from the Principal, to reside in College during the vacations, under proper supervision, at a fixed weekly charge.

The Staff will consist of resident Women Tutors and Lecturers, and of visiting Professors and Lecturers, men and women, from London and elsewhere.

The principal subjects of instruction will be—Divinity, Classics, Mediæval and Modern Languages, Mathematics, Natural Science, History and Political Economy, Mental and Moral Science and Theory of Music.

The Curriculum will be so arranged as to prepare students for the London University Degrees, for the Oxford Honour Examinations, and for such other Examinations as the Governors may hereafter find desirable.

There will be yearly courses of instruction in Hygiene, Ambulance Work, Cookery and Needlework, as well as classes for Gymnastic Exercises, Drawing and Vocal Music, and special lessons in Painting, Instrumental Music and Solo Singing for students who desire them.

Students may select their course of study, subject to the approval of the Principal.

Those who do not wish to study for a University Examination will be admitted, provided they satisfy the Principal that they are *bond fide* Students, with some definite course in view.

No student may enter for less than one year, or reside for more than four years, without special permission from the Governors. The Principal may require the withdrawal of any student who is not profiting by the education of the College.

Candidates for admission must be over 17 years of age, must furnish to the Principal satisfactory references, and pass an Entrance Examination.

The following examinations will be accepted in place of the Entrance Examination:—

The London Matriculation.

The Oxford Women's First Examination.

The Higher Certificate Examination of the Oxford and Cambridge Board.

The Cambridge Higher Local Examination in any two of the groups A, B and C.

The various Senior Local Examinations of the Universities of England, Scotland, Ireland and the Colonies, provided two Languages, or one Language and Mathematics, are included in the pass.

And such other Examinations as the Governors may from time to time deem equivalent.

An Entrance Examination will be held, for the convenience of students, at Queen's College, 43, Harley Street, London, W., on Thursday and Friday, August 4th and 5th. If any students are unable to attend this Examination, they may be examined at the Royal Holloway College on Thursday and Friday, September 29th and 30. Forms of Entry may be obtained (with further information) from the Secretary, and must be returned to him filled up (if possible) not later than July 15th. The Examination will consist of:—

- (1.) Obligatory subjects, viz., Arithmetic, English Essay, and a paper of English History and General Geography.
- (2.) Optional subjects, of which not less than two nor more than four may be taken, one, at least, being a language, viz., Latin, Greek, French, German, Algebra, Geometry, Trigonometry.

Each student will have a bed-room and sitting-room to herself, and every provision has been made in the internal arrangements of the College for the health and comfort of its inmates. The building includes Chapel, Dining-hall, Library, Reading-room, Museum, and a Picture Gallery containing a valuable collection of modern British paintings. The grounds and gardens are extensive, and provided with Tennis Courts. There is also a Gymnasium.

No religious test will be imposed as a condition of admission. The domestic life of the College will be that of a Christian household, and Prayers will be said daily by the Principal. Provision will be made for the conduct of Divine Service in the Chapel on Sundays. Students will be allowed, under proper regulations, to attend the Services of any Religious denomination which their parents or guardians may desire.

The Founder has provided that in the third year from the opening of the College and in all future years, twelve Foundation Scholarships shall be awarded.

Fifteen Scholarships of £50 a year each, tenable for three years from the opening of the College, have been provided by the liberality of the following benefactors:—

MISS MARY ANN DRIVER (Six).
HENRY DRIVER-HOLLOWAY, Esq. (Two).
ANTONY GIBB, Esq.
WALPOLE GREENWELL, Esq. (Two).
GEORGE MARTIN-HOLLOWAY, Esq. (Two).
BENJAMIN NEWGASS, Esq.
HENRY TATE, Esq.

The Scholarships will be competed for at the Entrance Examination in August.

All enquiries, and applications for Forms of Entry, and for further information in regard to Scholarships, should be addressed in the first instance to the Secretary, Royal Holloway College.

STATUTORY CIVIL SERVICE EXAMINATION RULES.

RESOLUTION.

APPOINTMENT.

Dated Durdjeling, the 7th November 1887.

READ—

Letter from the Secretary to the Government of India, Home Department, No 2442, dated the 10th October 1887, calling for the submission, in due course of the names of candidates for appointment under the Rules framed under 33 Vic, Cap. 3, Section 6.

The Government of India have intimated that the number of nominations of Natives of India to offices ordinarily held by members of the Covenanted Civil Service, to be made for 1888 in virtue of the rules framed under Statute 33 Vic, Cap. 3, Section 6, will probably be two for Bengal, and that the Governor-General in Council will be glad to receive, in due course, the names of three selected candidates for each of the said appointments arranged in order of merit.

2. The Government of India have allowed the Government of Bengal to choose its candidates in any manner that may appear to it desirable, special regard being paid (in the case of candidates whose merits and abilities have not been already proved by employment in the public service) to educational attainments and proficiency. It is left open to this Government to select candidates from the Uncovenanted Service or the learned professions, to institute a test of limited competition among nominated candidates, or to follow any other mode of selection that may be thought suitable.

3. The Lieutenant Governor has resolved to select, out of the whole number of applicants, twenty individuals for each appointment that is to be given, and to subject the selected persons to a competitive examination which will be held in January next on dates to be hereafter notified. The choice will be made from—

- (a) Officers in the service of Government who have specially distinguished themselves.
- (b) Persons who have taken the degree of B.A. at the Calcutta University, provided that such persons can produce certificates of their having a thoroughly practical knowledge of the English language, of their being physically fitted for the service of Government, of their moral character being good, and of their possessing active habits, including ability to ride.
- (c) Persons of proved merit and ability in the practice of a learned profession.

No candidate who is not in the service of the Government, who has not been at least five years engaged in the practice of a learned profession, will be selected after he has attained the age of 25 years.

The candidates allowed to appear at the examination will hereafter be informed by the Committee mentioned in the following paragraph, of the place at which the examination will be held, and of any other circumstances necessary for their guidance.

4. For the purpose of conducting the proposed examination, a Committee will be appointed, consisting of the Director of Public Instruction, the Secretary to the Board of Revenue, and the Legal Remembrancer. The examination will extend over four days. On the first day an essay in English, on a subject to be prescribed hereafter, will be written by the candidates; on the second day a general paper of literary, historical, and philosophical questions will be set; on the third day there will be a general paper on mathematics and physical science; the subject of the fourth day's examination will be the Penal and Criminal Procedure Codes and Mr. Field's Introduction to the Bengal Regulations.

5. On the conclusion of the examination, the Lieutenant-Governor will forward, with his recommendation, the names, in order of merit of the first six successful applicants. From them two will be selected by the Government of India.

6. Applications, which must be accompanied by the certificates above mentioned, and, when necessary, by certificates of age, should be made to the Under-Secretary in the Appointment Department by the 15th December next, after which date no applications will be received.

By order of the Lieutenant-Governor of Bengal,

J. WARE EDGAR,

Offg. Chief Secy. to the Government of Bengal.

EXAMINATION OF CANDIDATES FOR ADMISSION INTO THE OPIUM DEPARTMENT.

Dated Calcutta, the 15th November 1887.

NOTIFICATION—By the Government of Bengal, Appointment Department.

In pursuance of the decision contained in this Government's Resolution, dated the 14th July 1884, it is hereby declared that a competitive examination for two appointments in the Opium Department will be held early in 1888. At this examination only such European and Eurasian candidates as have been nominated by His Honour the Lieutenant-Governor will be permitted to present themselves, and it must be clearly understood by intending competitors that those who may be declared successful will not, as far as can be at present foreseen, obtain permanent appointments for some time to come, and can only expect to act in such temporary and officiating vacancies as may from time to time occur in the service. One-fourth of the appointments in the Opium Department is reserved exclusively for "Natives of India" of unmixed descent; but as it has been decided to make these by selection, they are not affected by the rules now issued.

2. A certificate of health and fitness by a covenanted medical officer in the form appended to this notification will be required from each candidate, who should also furnish a copy of his baptismal certificate, in the absence of which sufficient evidence as to age should be forwarded with the application for admission to the examination. No one whose age on the 15th January 1888 exceeds 25 years will be permitted to appear.

3. Applications, accompanied by the necessary certificate and a fee of Rs. 10, must be sent not later than the 15th December next to the Under-Secretary in the Appointment Department.

4. The time and place of examination will be notified to such candidates as are allowed to present themselves at the competition.

5. The examination will be by written questions and answers, and the subject will be as follows:—

First Day.

Morning.

A short essay on some easy every day subject to be selected by the Examiners and declared at the time of the examination.

Time allowed—2½ hours.

Afternoon.

English History and Literature, and Elementary Indian History. The text-books for this portion of the examination will be Miss Edith Thompson's History of England, being Vol. II of the Historical Course for Schools, edited by E. A. Freeman, D.C.L., and Part III of Wheeler's Short History of India.

Time allowed—3 hours.

SECOND DAY.

Morning.

Hindustani (Oordoo) in the Persian character, including reading at sight, with tolerable fluency, some easy printed book; short translation from English into Hindustani; and conversing intelligibly with a native of India.

Time allowed—2½ hours.

Afternoon.

Geography, Asia (specially India and Europe).

Time allowed—2½ hours.

THIRD DAY.

Morning.

Arithmetic, including compound proportion, simple interest, and vulgar and decimal fractions. Algebra to Quadratic Equations, inclusive.

Time allowed—3 hours.

No books of any kind will be allowed at the time of examination.

The maximum number of marks for each subject will be as follows:—

English	200
Arithmetic and Algebra	300
Hindustani and Geography (150 for each branch)	300

6. Passing marks will be one-half of the full number of marks allowed for each subject, and the two candidates who obtain the highest aggregate, will, in the order in which they are declared to have passed, obtain such appointments, temporary or otherwise, as may subsequently fall vacant.

Form of Medical Certificate.

I do hereby certify that I have examined Mr. _____, a candidate for employment in the Opium Department, and that he has no disease, affection, or bodily infirmity, and is in my opinion possessed of a robust constitution, well-fitted for the performance of the duties appertaining to such an appointment. His age is, according to his own statement, _____ years, and by appearance about _____ years.

BEHAR CIRCLE.

ENTRANCE EXAMINATION, 1888.

THE attention of those who wish to appear at the Entrance Examination of 1888, as teachers or as private students, is called to the following:—

I. By "teacher" is meant one who has been employed as such since 1st January 1887, and is a *bona fide* teacher, in receipt of a salary at the time of the examination. Satisfactory evidence of this will be required of those who wish to appear as teachers for the Entrance, F. A., or B. A. examinations.

II. Private students will have to produce evidence that they have not read in any school since May 1887, and send, together with their application, a certificate from the head-master of the last school they read in showing that they have observed the Inter-school Rules.

III. Teachers and private students will have to appear at the test examination of the nearest zillah school and pay a fee of two rupees.

IV. The application forms, when sent for the signature of the undersigned, must be accompanied by a statement signed by the head-master showing that there is a reasonable probability of the applicant's passing.

V. No applications to be allowed to appear at the test examination will be received later than 31st December 1887 from either teachers or private students.

VI. Head-masters of the zillah schools are informed that the standard of marking for the test examination is to be just that of the University. If candidates, whether pupils of the school, teachers or private students, fail to pass in more than two subjects, or fail very badly in two, their marks must be submitted to the undersigned, to decide whether they shall be sent up or not. Care must be taken to submit the marks in time.

request your Lordship to cause the accompany-

ing packet to be forwarded to the Directors of

Public Instruction to be dealt with in such manner as may be deemed to be expedient.

I have the honour to be,

My Lord,

Your Lordship's most obedient, humble Servant,

CROSS.

No. Jt.P.1023, dated Holloway College, Mount Lee, Egham, 8th June 1887.

From—His Royal Highness the Prince Christian of Schleswig Holstein, K.G.,

To—Her Majesty's Secretary of State for India, London.

As Chairman of the House Committee of Governors of this College, which is to open on the 4th October, I have been desired to ask if you would do them the favour to cause to be inserted in your Circulars to the Governors of Provinces a short paragraph inviting their intention to the scope and objects of the College, and to the benefits it will probably confer on many of our brethren in India who may wish to send their daughters for education here.

There are, to begin with, fifteen scholarships to be competed for in August or September, and these will be open to all; and judging by the numbers of applications for information received from abroad, it is evident that the advantages to be offered by the College will be sought for in many distant parts of the Empire, as well as in this country.

If it be in your power to comply with my request, the Secretary of the College will forward to the India Office a parcel of the Prospectuses, a few of which might accompany your Circulars to the Governors of Provinces. Advertisements would then be inserted by us in the papers circulating in those Provinces stating—if you would allow us to add this—that copies of the prospectus can be obtained by applying to the offices of the various Governors.

The Committee are very sensible of the great service which the India Office could render the College, as well as our kinsmen abroad, by allowing information to be disseminated in the manner I have ventured to suggest; and they will be very grateful for any assistance which it may be in your power to offer.

If one of your Under-Secretaries would be good enough to make an early appointment with our Secretary, Mr. J. L. Clifford Smith, he would call and receive instructions as to the wording of the advertisements and other necessary matters.

No. J & P. 1023-87, dated India Office, the 29th June 1887.

From—Her Majesty's Secretary of State India,

To—His Royal Highness Prince Christian of Schleswig Holstein, K.G., &c.,
Holloway College, Mount Lee, Egham.

I HAVE the honour to acknowledge the receipt of Your Royal Highness' letter of the 8th instant, requesting that the attention of the Governors of Provinces in India may be called to the scope and objects of the Holloway College.

I shall have much pleasure in transmitting to the Governments of India, Madras and Bombay any copies of the Prospectus of the College which Your Royal Highness may send to me for the purpose. Those Governments will not be able to undertake the general distribution of the Prospectus; but I propose to suggest to them that the copies should be given to the Directors of Public Instruction in India to be used by them in such manner as in their discretion they shall think most likely to advance the objects which the Governors of the Holloway College have in view.

No. J & P. 1023, dated Egham, 1st July 1887.

From J. L. CLIFFORD SMITH, Esq., Secretary, Royal Holloway College,
To—Her Majesty's Secretary of State for India.

I AM desired by His Royal Highness Prince Christian to acknowledge the receipt of your Lordship's courteous communication of the 29th ultimo, and to thank you on his behalf and on that of the Governors for your Lordship's kind offer to transmit to the Governments of India, Madras and Bombay copies of the Prospectus of this College.

His Royal Highness is very sensible of the value of this attention on the part of the India Office; and I am furthermore to express the Prince's sincere appreciation of your Lordship's proposal to suggest that those Governments should give the copies to the Directors of Public Instruction in India, to be used by them in such manner as in their discretion they may think most likely to advance the objects which the Governors of this College have in view.

I have to-day sent by passenger train a parcel containing some copies of the Prospectus and forms of entry, as also twelve copies of a description of the foundation and opening of the building.

The College will open on Tuesday, October 4th, 1887.

The College Session will extend from the beginning of October to the beginning of July, and will be divided into three terms of about eleven weeks each, with about three weeks' vacation at Christmas and at Easter.

The Charge for Board, Lodging, and Tuition will be £30 a term, payable in advance. This charge will include all expenses except Laundress, special Medical Attendance, Fees for University Examinations, and individual lessons in Music Singing or Painting, Arrange-

ments will be made to allow Students whose circumstances render it necessary, and who obtain permission from the Principal, to reside in College during the vacations, under proper supervision, at a fixed weekly charge.

The Staff will consist of resident Women Tutors and Lecturers, and of visiting Professors and Lecturers, men and women, from London and elsewhere.

The principal subjects of instruction will be—Divinity, Classics Mediæval and Modern Languages, Mathematics, Natural Science, History and Political Economy, Mental and Moral Science and Theory of Music.

The Curriculum will be so arranged as to prepare students for the London University Degrees, for the Oxford Honour Examinations, and for such other Examinations as the Governors may hereafter find desirable.

There will be yearly courses of instruction in Hygiene, Ambulance Work, Cookery and Needlework, as well as classes for Gymnastic Exercises, Drawing and Vocal Music, and special lessons in Painting, Instrumental Music and Solo Singing for students who desire them.

Students may select their course of study, subject to the approval of the Principal.

Those who do not wish to study for a University Examination will be admitted, provided they satisfy the Principal that they are *bonâ fide* Students, with some definite course in view.

No student may enter for less than one year, or reside for more than four years, without special permission from the Governors. The Principal may require the withdrawal of any student who is not profiting by the education of the College.

Candidates for admission must be over 17 years of age, must furnish to the Principal satisfactory references, and pass an Entrance Examination.

The following examinations will be accepted in place of the Entrance Examination :—

The London Matriculation.

The Oxford Women's First Examination.

The Higher Certificate Examination of the Oxford and Cambridge Board.

The Cambridge Higher Local Examination in any two of the groups A, B and C.

The various Senior Local Examinations of the Universities of England, Scotland, Ireland and the Colonies, provided two Languages, or one Language and Mathematics, are included in the pass.

And such other Examinations as the Governors may from time to time deem equivalent.

An Entrance Examination will be held, for the convenience of students, at Queen's College, 43, Harley Street, London, W., on Thursday and Friday, August 4th and 5th. If any students are unable to attend this Examination, they may be examined at the Royal Holloway College on Thursday and Friday, September 29th and 30. Forms of Entry may be obtained (with further information) from the Secretary, and must be returned to him filled up (if possible) not later than July 15th. The Examination will consist of :—

(1.) Obligatory subjects, viz., Arithmetic, English Essay, and a paper of English History and General Geography.

(2.) Optional subjects, of which not less than two nor more than four may be taken, one, at least, being a language, viz., Latin, Greek, French, German, Algebra, Geometry, Trigonometry.

Each student will have a bed-room and sitting-room to herself, and every provision has been made in the internal arrangements of the College for the health and comfort of its inmates. The building includes Chapel, Dining-hall, Library, Reading-room, Museum, and a Picture Gallery containing a valuable collection of modern British paintings. The grounds and gardens are extensive, and provided with Tennis Courts. There is also a Gymnasium.

No religious test will be imposed as a condition of admission. The domestic life of the College will be that of a Christian household, and Prayers will be said daily by the Principal. Provision will be made for the conduct of Divine Service in the Chapel on Sundays. Students will be allowed, under proper regulations, to attend the Services of any Religious denomination which their parents or guardians may desire.

The Founder has provided that in the third year from the opening of the College and in all future years, twelve Foundation Scholarships shall be awarded.

Fifteen Scholarships of £50 a year each, tenable for three years from the opening of the College, have been provided by the liberality of the following benefactors :—

MISS MARY ANN DRIVER (Six).

HENRY DRIVER-HOLLOWAY, Esq. (Two).

ANTONY GIBB, Esq.,

WALPORE GREENWELL, Esq. (Two).

GEORGE MARTIN-HOLLOWAY, Esq. (Two).

BENJAMIN NEWGASS, Esq.

HENRY TATE, Esq.

The Scholarships will be competed for at the Entrance Examination in August.

All enquiries, and applications for Forms of Entry, and for further information in regard to Scholarships, should be addressed in the first instance to the Secretary, Royal Holloway College.

REVISED RULES FOR THE STATUTORY CIVIL SERVICE EXAMINATION

RESOLUTION.

APPOINTMENT.

Dated Calcutta, the 22nd November 1887.

READ—

Letter from the Secretary to the Government of India, Home Department, No. 2442, dated the 20th October 1887, calling for the submission, in due course, of the names of candidates for appointment under the Rules framed under 33 Vic., Cap. 3, Section 6.

The Government of India have intimated that the number of nominations of Natives of India to offices ordinarily held by members of the Covenanted Civil Service, to be made for 1888 in virtue of the rules framed under Statute 33 Vic., Cap. 3, Section 6, will probably be two for Bengal, and that the Governor-General in Council will be glad to receive, in due course, the names of three selected candidates for each of the said appointments arranged in order of merit.

2. The Government of India have allowed the Government of Bengal to choose its candidates in any manner that may appear to it desirable, special regard being paid (in the case of candidates whose merits and abilities have not been already proved by employment in the public service) to educational attainments and proficiency. It is left open to this Government to select candidates from the Uncovenanted Service or the learned professions, to institute a test of limited competition among nominated candidates, or to follow any other mode of selection that may be thought suitable.

3. The Lieutenant-Governor has resolved to select, out of the whole number of applicants, twenty individuals for each appointment that is to be given, and to subject the selected persons to a competitive examination which will be held in January next on dates to be hereafter notified. The choice will be made from—

- (a) Officers in the service of Government who have specially distinguished themselves.
- (b) Persons who have taken the degree of B.A. at the Calcutta University, provided that such persons can produce certificates of their having a thoroughly practical knowledge of the English language, of their being physically fitted for the service of Government, of their moral character being good, and of their possessing active habits, including ability to ride.
- (c) Persons of proved merit and ability in the practice of a learned profession.

No candidate who is not in the service of the Government, or who has not been at least five years engaged in the practice of a learned profession, will be selected after he has attained the age of 25 years.

The candidates allowed to appear at the examination will hereafter be informed by the Committee mentioned in the following paragraph of the place at which the examination will be held, and of any other circumstances necessary for their guidance.

4. For the purpose of conducting the proposed examination, a Committee will be appointed, consisting of the Director of Public Instruction, the Secretary to the Board of Revenue, and the Legal Remembrancer. The examination will extend over four days. On the first day an essay in English, on a subject to be prescribed hereafter, will be written by the candidates; on the second day a general paper of literary, historical, and philosophical questions will be set; on the third day a choice will be offered between (a) a general paper on mathematics and physical science, and (b) a paper on Sanskrit, Arabic, Persian, or Latin; and the subject of the fourth day's examination will be Law, and candidates may select either (a) the Penal Code, the Criminal Procedure Code, and Mr. Field's Introduction to the Bengal Regulations; or (b) Macnaghten's Principles of Hindu and Muhammedan Law, the Civil Procedure Code, the Transfer of Property Act, Act IX of 1872, Act I of 1877, Act III of 1877, Act X of 1865, Act XXI of 1870, Act V of 1881, and Act XXVII of 1860.

5. On the conclusion of the examination, the Lieutenant-Governor will forward, with his recommendation, the names in order of merit of the first six successful applicants. From them two will be selected by the Government of India.

6. Applications, which must be accompanied by the certificates above mentioned, and, when necessary, by certificates of age, should be made to the Under-Secretary in the Appointment Department by the 15th December next, after which date no applications will be received.

By order of the Lieutenant-Governor of Bengal,

J. WARE EDGAR,

Chief Secy. to the Government of Bengal.

ENTRANCE EXAMINATION, 1888.

THE attention of those who wish to appear at the Entrance Examination of 1888, as teachers or as private students, is called to the following:—

I. By "teacher" is meant one who has been employed as such since 1st January 1887, and is a *bona fide* teacher, in receipt of a salary at the time of the examination. Satisfactory evidence of this will be required of those who wish to appear as teachers for the Entrance, F. A., or B. A. examinations.

II. Private students will have to produce evidence that they have not read in any school since May 1887, and send, together with their application, a certificate from the head-master of the last school they read in showing that they have observed the Inter-school Rules.

III. Teachers and private students will have to appear at the test examination the nearest zillah school and pay a fee of two rupees.

IV. The application forms, when sent for the signature of the undersigned, accompanied by a statement signed by the head-master showing that there is probability of the applicant's passing.

V. No applications to be allowed to appear at the test examination later than 31st December 1887 from either teachers or private students.

VI. Head-masters of the zillah schools are informed that the standard for the test examination is to be just that of the University. If candidates of the school, teachers or private students, fail to pass in more than two subjects, or fail very badly in two, their marks must be submitted to the undersigned, to decide whether they shall be sent up or not. Care must be taken to submit the marks in time.

ing that the attention of the Governors of Provinces in India may be called to the scope

and objects of the Royal Holloway College. A

copy of my reply is also forwarded, together

with a copy of a further letter from the College on the subject.

2. In accordance with the promise given in my letter to His Royal Highness, I

request your Lordship to cause the accompany-

ing packet to be forwarded to the Directors of

Public Instruction to be dealt with in such manner as may be deemed to be expedient.

I have the honour to be,

My Lord,

Your Lordship's most obedient, humble Servant,

CROSS.

No. Jt.P.1023, dated Holloway College, Mount Lee, Egham, 8th June 1887.

From—HIS ROYAL HIGHNESS THE PRINCE CHRISTIAN OF SCHLESWIG HOLSTEIN, K.O.,

To—Her Majesty's Secretary of State for India, London.

As Chairman of the House Committee of Governors of this College, which is to open on the 4th October, I have been desired to ask if you would do them the favour to cause to be inserted in your Circulars to the Governors of Provinces a short paragraph inviting their intention to the scope and objects of the College, and to the benefits it will probably confer on many of our brethren in India who may wish to send their daughters for education here.

There are, to begin with, fifteen scholarships to be competed for in August or September, and these will be open to all; and judging by the numbers of applications for information received from abroad, it is evident that the advantages to be offered by the College will be sought for in many distant parts of the Empire, as well as in this country.

If it be in your power to comply with my request, the Secretary of the College will forward to the India Office a parcel of the Prospectuses, a few of which might accompany your Circulars to the Governors of Provinces. Advertisements would then be inserted by us in the papers circulating in those Provinces stating—if you would allow us to add this—that copies of the prospectus can be obtained by applying to the offices of the various Governors.

The Committee are very sensible of the great service which the India Office could render the College, as well as our kinsmen abroad, by allowing information to be disseminated in the manner I have ventured to suggest; and they will be very grateful for any assistance which it may be in your power to offer.

If one of your Under-Secretaries would be good enough to make an early appointment with our Secretary, Mr. J. L. Clifford Smith, he would call and receive instructions as to the wording of the advertisements and other necessary matters.

No. J & P. 1023-87, dated India Office, the 29th June 1887.

From—Her Majesty's Secretary of State India,

To—HIS ROYAL HIGHNESS PRINCE CHRISTIAN OF SCHLESWIG HOLSTEIN, K.O., &c.,
Holloway College, Mount Lee, Egham.

the honour to acknowledge the receipt of Your Royal Highness' letter of the 8th June 1887, requesting that the attention of the Governors of Provinces in India may be called to the scope and objects of the Holloway College.

It is much pleasure in transmitting to the Governments of India, Madras and the Prospectus of the College which Your Royal Highness may send to them for their use. Those Governments will not be able to undertake the general distribution of the Prospectus; but I propose to suggest to them that the copies should be given to the Directors of Public Instruction in India to be used by them in such manner as in their discretion they shall think most likely to advance the objects which the Governors of the Holloway College have in view.

No. J & P. 1023, dated Egham, 1st July 1887.

From J. L. CLIFFORD SMITH, Esq., Secretary, Royal Holloway College,
To—Her Majesty's Secretary of State for India.

I AM desired by His Royal Highness Prince Christian to acknowledge the receipt of your Lordship's courteous communication of the 29th ultimo, and to thank you on his behalf and on that of the Governors for your Lordship's kind offer to transmit to the Governments of India, Madras and Bombay copies of the Prospectus of this College.

His Royal Highness is very sensible of the value of this attention on the part of the India Office; and I am furthermore to express the Prince's sincere appreciation of your Lordship's proposal to suggest that those Governments should give the copies to the Directors of Public Instruction in India, to be used by them in such manner as in their discretion they may think most likely to advance the objects which the Governors of this College have in view.

I have to-day sent by passenger train a parcel containing some copies of the Prospectus and forms of entry, as also twelve copies of a description of the foundation and opening of the building.

PRINCIPAL—Miss Bishop.

(At present Head Mistress of the Oxford High School.)

THE College will open on Tuesday, October 4th, 1887.

The College Session will extend from the beginning of October to the beginning of July, and will be divided into three terms of about eleven weeks each, with about three weeks' vacation at Christmas and at Easter.

The Charge for Board, Lodging, and Tuition will be £30 a term, payable in advance. This charge will include all expenses except Laundry, special Medical Attendance, Fees for University Examinations, and individual lessons in Music Singing or Painting. Arrange-

ments will be made to allow Students whose circumstances render it necessary, and who obtain permission from the Principal, to reside in College during the vacations, under proper supervision, at a fixed weekly charge.

The Staff will consist of resident Women Tutors and Lecturers, and of visiting Professors and Lecturers, men and women, from London and elsewhere.

The principal subjects of instruction will be—Divinity, Classics, Mediaeval and Modern Languages, Mathematics, Natural Science, History and Political Economy, Mental and Moral Science and Theory of Music.

The Curriculum will be so arranged as to prepare students for the London University Degrees, for the Oxford Honour Examinations, and for such other Examinations as the Governors may hereafter find desirable.

There will be yearly courses of instruction in Hygiene, Ambulance Work, Cookery and Needlework, as well as classes for Gymnastic Exercises, Drawing and Vocal Music, and special lessons in Painting, Instrumental Music and Solo Singing for students who desire them.

Students may select their course of study, subject to the approval of the Principal.

Those who do not wish to study for a University Examination will be admitted, provided they satisfy the Principal that they are *bond fide* Students, with some definite course in view.

No student may enter for less than one year, or reside for more than four years, without special permission from the Governors. The Principal may require the withdrawal of any student who is not profiting by the education of the College.

Candidates for admission must be over 17 years of age, must furnish to the Principal satisfactory references, and pass an Entrance Examination.

The following examinations will be accepted in place of the Entrance Examination :—

The London Matriculation.

The Oxford Women's First Examination.

The Higher Certificate Examination of the Oxford and Cambridge Board.

The Cambridge Higher Local Examination in any two of the groups A, B and C.

The various Senior Local Examinations of the Universities of England, Scotland, Ireland and the Colonies, provided two Languages, or one Language and Mathematics, are included in the pass.

And such other Examinations as the Governors may from time to time deem equivalent.

An Entrance Examination will be held, for the convenience of students, at Queen's College, 43, Harley Street, London, W., on Thursday and Friday, August 4th and 5th. If any students are unable to attend this Examination, they may be examined at the Royal Holloway College on Thursday and Friday, September 29th and 30. Forms of Entry may be obtained (with further information) from the Secretary, and must be returned to him filled up (if possible) not later than July 15th. The Examination will consist of :—

- (1.) Obligatory subjects, viz., Arithmetic, English Essay, and a paper of English History and General Geography.
- (2.) Optional subjects, of which not less than two nor more than four may be taken, one, at least, being a language, viz., Latin, Greek, French, German, Algebra, Geometry, Trigonometry.

Each student will have a bed-room and sitting-room to herself, and every provision has been made in the internal arrangements of the College for the health and comfort of its inmates. The building includes Chapel, Dining-hall, Library, Reading-room, Museum, and a Picture Gallery containing a valuable collection of modern British paintings. The grounds and gardens are extensive, and provided with Tennis Courts. There is also a Gymnasium.

No religious test will be imposed as a condition of admission. The domestic life of the College will be that of a Christian household, and Prayers will be said daily by the Principal. Provision will be made for the conduct of Divine Service in the Chapel on Sundays. Students will be allowed, under proper regulations, to attend the Services of any Religious denomination which their parents or guardians may desire.

The Founder has provided that in the third year from the opening of the College and in all future years, twelve Foundation Scholarships shall be awarded.

Fifteen Scholarships of £50 a year each, tenable for three years from the opening of the College, have been provided by the liberality of the following benefactors :—

MISS MARY ANN DRIVER (Six).
HENRY DRIVER-HOLLOWAY, Esq. (Two).
ANTONY GIBB, Esq.,
WALFORD GREENWELL, Esq. (Two).
GEORGE MARTIN-HOLLOWAY, Esq. (Two).
BENJAMIN NEWGASS, Esq.
HENRY TATE, Esq.

The Scholarships will be competed for at the Entrance Examination in August.

All enquiries, and applications for Forms of Entry, and for further information in regard to Scholarships, should be addressed in the first instance to the Secretary, Royal Holloway College.

NOTICE.

A TEST-EXAMINATION of private students for admission to the ensuing University Entrance Examination will be held at the Office of the Inspector of Schools, Presidency Circle, 4, Dalhousie Square, on Tuesday and Wednesday, the 3rd and 4th January 1888. Only candidates from the districts of the Presidency and Chota Nagpore Divisions shall be admitted to the examination.

2. Candidates who have not read in any school since 1st November 1887 will be recognised as private students. They are required to furnish satisfactory evidence showing (1) that they have not read in any institution since 1st November 1887, and (2) that their conduct and progress in the last school they read in were satisfactory. Teachers employed in the Presidency Circle, who may appear at the examination, shall produce a certificate from the Managers of the Schools in which they are employed.

3. Candidates must send in applications at least ten days before the date fixed for the examination, stating the following particulars:—(1) age, (2) residence, (3) father's name,

(4) second language besides English, (5) whether he appeared at any previous Entrance Examination.

4. The admission fee for the examination is Rs. 4 each, to be forwarded along with the application, which shall otherwise not be entertained.

5. Candidates selected by this Office must one and all appear at the Calcutta centre.

CHANDRA MOHAN MAJUMDAR, *Offg. Inspector of Schools,*
Presidency Circle.

4, DALHOUSIE SQUARE, CALCUTTA, the 16th November 1887.

BEHAR CIRCLE.

ENTRANCE EXAMINATION, 1888.

THE attention of those who wish to appear at the Entrance Examination of 1888, as teachers or as private students, is called to the following :—

I. By "teacher" is meant one who has been employed as such since 1st January 1887, and is a *bonâ fide* teacher, in receipt of a salary at the time of the examination. Satisfactory evidence of this will be required of those who wish to appear as teachers for the Entrance, F. A., or B. A. examinations.

II. By "private students" is meant those who do not appear from any school, or who have been transferred since November 1st, 1887, without the consent of a Circle Inspector. Private students, if they have read in any school between the 15th June and the 31st of December will be requested to send, together with their application, a certificate from the head-master of the last school in which they read, showing that they have observed the Inter-school Rules.

III. Teachers and private students will have to appear at the test examination of the nearest zillah school and pay a fee of two rupees.

IV. The application forms, when sent for the signature of the undersigned, must be accompanied by a statement signed by the head-master showing that there is a reasonable probability of the applicant's passing.

V. No applications to be allowed to appear at the test examination will be received later than 31st December 1887 from either teachers or private students.

VI. Head-masters of the zillah schools are informed that the standard of marking for the test examination is to be just that of the University. If candidates, whether pupils of the school, teachers or private students, fail to pass in more than two subjects, or fail very badly in two, their marks must be submitted to the undersigned, to decide whether they shall be sent up or not. Care must be taken to submit the marks in time.

JOHN VAN SOMEREN POPE,
Inspector of Schools, Behar Circle.

The following are the conditions of sale:—

1.—The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2.—The opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by clause 13 of these conditions of sale. The bids must advance by Rs. 5 at a time.

3.—The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M.; but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or, if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4.—Each lot shall contain five chests.

5.—A Promissory Note for a sum, calculated according to the scale noted in the margin,

DEPOSIT.
When the amount bid is less than Rs. 1,200 per chest, Rs. 300 per chest.
On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.
On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.
And so on, Rs. 100 being added to the deposit for every bid additional, to the extent of Rs. 400.

shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P.M. in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal Receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be

borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6.—The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7.—The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M. if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8.—No tender of money, Bank of Bengal Receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9.—The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10.—Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

11.—No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12.—The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13.—With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained; and the first *bond fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14.—The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15.—In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16.—The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, certificate of the opium advertised for sale; No. 2, report of the examination of such opium.

17.—The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazepore Factory for the year 1886-87, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed

quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug when packed at the Patna and Ghazepore Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18.—Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

By order of the Board of Revenue, L. P.,
K. G. GUPTA,
Offg. Secretary.

NOTICE BY THE ACCOUNTANT-GENERAL, BENGAL.

SUPPLY BILLS.

NOTICE is hereby given that supply bills for sums of Rs. 500 and above in even rupees are usually obtainable on the treasuries named below at the rates of premium shewn.

Any person desiring to obtain a supply bill should send to the Bank of Bengal, Calcutta, a written application containing the following information—(1) his own name and address; (2) the name of the person to whom payment is to be made; (3) the treasury on which the bill is to be granted; and (4) the amount for which the bill is to be granted. With this application the cost of the bill (the amount plus the premium) should be paid into the Bank. If payment by telegram is desired (but this is admissible only in cases in which the name of the payee has been previously registered in the Accountant-General's office), the fact should be stated in the application, and an additional rupee paid with the cost.

The Bank of Bengal will, if the amount is available at the treasury named, receive the money tendered, and grant a receipt, returning the application therewith. The receipt and the application should then be sent to the Accountant General's office, by which the bill will be granted.

The Bank of Bengal will be advised by the Accountant-General on the 1st and 16th of each month of the amounts available at the several treasuries, and will receive the amounts tendered by the first comers till those amounts are exhausted.

If the Bank refuses to receive any sum tendered owing to the amount not being available at the treasury, the application will be retained by the Bank and forwarded by it to the Accountant-General, who will advise the Bank and the applicant if the amount can be made available.

NOTICE.

A TEST-EXAMINATION of private students for admission to the ensuing University Entrance Examination will be held at the Office of the Inspector of Schools, Presidency Circle, 4, Dalhousie Square, on Tuesday and Wednesday, the 3rd and 4th January 1888. Only candidates from the districts of the Presidency and Chota Nagpore Divisions shall be admitted to the examination.

2. Candidates who have not read in any school since 1st November 1887 will be recognised as private students. They are required to furnish satisfactory evidence showing (1) that they have not read in any institution since 1st November 1887, and (2) that their conduct and progress in the last school they read in were satisfactory. Teachers employed in the Presidency Circle, who may appear at the examination, shall produce a certificate from the Managers of the Schools in which they are employed.

3. Candidates must send in applications at least ten days before the date fixed for the examination, stating the following particulars:—(1) age, (2) residence, (3) father's name, (4) second language besides English, (5) whether he appeared at any previous Entrance Examination.

4. The admission fee for the examination is Rs. 4 each, to be forwarded along with the application, which shall otherwise not be entertained.

5. Candidates selected by this Office must one and all appear at the Calcutta centre.

CHANDRA MOHAN MAJUMDAR, *Offg. Inspector of Schools,*

Presidency Circle.

4, DALHOUSIE SQUARE, CALCUTTA, the 16th November 1887.

BEHAR CIRCLE.

ENTRANCE EXAMINATION, 1888.

THE attention of those who wish to appear at the Entrance Examination of 1888, as teachers or as private students, is called to the following:—

I. By "teacher" is meant one who has been employed as such since 1st January 1887, and is a *bona fide* teacher, in receipt of a salary at the time of the examination. Satisfactory evidence of this will be required of those who wish to appear as teachers for the Entrance, F. A., or B. A. examinations.

II. By "private students" is meant those who do not appear from any school, or who have been transferred since November 1st, 1887, without the consent of a Circle Inspector. Private students, if they have read in any school between the 15th June and the 31st of December will be requested to send, together with their application, a certificate from the head-master of the last school in which they read, showing that they have observed the Inter-school Rules.

III. Teachers and private students will have to appear at the test examination of the nearest zillah school and pay a fee of two rupees.

IV. The application forms, when sent for the signature of the undersigned, must be accompanied by a statement signed by the head-master showing that there is a reasonable probability of the applicant's passing.

V. No applications to be allowed to appear at the test examination will be received later than 31st December 1887 from either teachers or private students.

VI. Head-masters of the zillah schools are informed that the standard of marking for the test examination is to be just that of the University. If candidates, whether pupils of the school, teachers or private students, fail to pass in more than two subjects, or fail very badly in two, their marks must be submitted to the undersigned, to decide whether they shall be sent up or not. Care must be taken to submit the marks in time.

The following are the conditions of sale:—

1.—The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2.—The opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by clause 13 of these conditions of sale. The bids must advance by Rs. 5 at a time.

3.—The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M.; but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or, if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4.—Each lot shall contain five chests.

5.—A Promissory Note for a sum, calculated according to the scale noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P.M. in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank

When the amount bid is less than Rs. 1,500 per chest, Rs. 400 per chest.
On bids of Rs. 1,500 and upwards, but less than Rs. 1,600 per chest, Rs. 800 per chest.
On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.
And so on, Rs. 100 being added to the deposit for every bid additional, to the extent of Rs. 400.

of Bengal Receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be

borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6.—The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7.—The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M. if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8.—No tender of money, Bank of Bengal Receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9.—The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10.—Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

11.—No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12.—The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13.—With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained; and the first *bond fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14.—The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15.—In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16.—The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, certificate of the opium advertised for sale; No. 2, report of the examination of such opium.

17.—The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Chazepore Factory for the year 1886-87, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed

quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug when packed at the Patna and Ghazepore Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18.—Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

By order of the Board of Revenue, L. P.,

K. G. GUPTA,
Offg. Secretary.

FORT WILLIAM, the 26th November 1887.

NOTICE BY THE ACCOUNTANT-GENERAL, BENGAL.

SUPPLY BILLS.

NOTICE is hereby given that supply bills for sums of Rs. 500 and above in even rupees are usually obtainable on the treasuries named below at the rates of premium shewn.

Any person desiring to obtain a supply bill should send to the Bank of Bengal, Calcutta, a written application containing the following information—(1) his own name and address; (2) the name of the person to whom payment is to be made; (3) the treasury on which the bill is to be granted; and (4) the amount for which the bill is to be granted. With this application the cost of the bill (the amount plus the premium) should be paid into the Bank. If payment by telegram is desired (but this is admissible only in cases in which the name of the payee has been previously registered in the Accountant-General's office), the fact should be stated in the application, and an additional rupee paid with the cost.

The Bank of Bengal will, if the amount is available at the treasury named, receive the money tendered, and grant a receipt, returning the application therewith. The receipt and the application should then be sent to the Accountant-General's office, by which the bill will be granted.

The Bank of Bengal will be advised by the Accountant-General on the 1st and 16th of each month of the amounts available at the several treasuries, and will receive the amounts tendered by the first comers till those amounts are exhausted.

If the Bank refuses to receive any sum tendered owing to the amount not being available at the treasury, the application will be retained by the Bank and forwarded by it to the Accountant-General, who will advise the Bank and the applicant if the amount can be made available.

NOTICE TO MARINERS—(No. 72).

BAY OF BENGAL.

1.—RANGOON RIVER.

Chokey Lumps.

With reference to Notice to Mariners, No. 29 of 1886, issued from this Department, the Port Officer, Rangoon, reports that, after a careful examination of Chokey Lumps, there is not less than 14 to 15 feet of water in the Channel that leads close along the eastern bank of the river.

The ridge is very narrow, and not likely to be struck with the lead.

2.—ANDAMAN ISLANDS—LITTLE ANDAMAN.

Commander A. Carpenter, R.N., in charge Indian Marine Surveys, notifies as follows:—

There is no reason to apprehend less than 6 fathoms of water on the shoal marked off the S.W. point of Little Andaman.

This shoal has been marked on the chart with a patch of black rocks which do not exist.

Fields of dead coral, partly encrusted with a brown growth, are scattered over the patch with 6 to 7 fathoms water over them, the general depth of the patch being 14 to 17 fathoms.

The geographical positions of the islands and points on the West coast of the Andamans are correct within two miles on Admiralty Chart 825 corrected to July 1882. The north end of Little Andaman and the Brothers require shifting five miles to the southward.

Little Andaman is visible 30 miles in clear weather from deck, and the 100 fathoms line extends about 10 miles off its west coast.

LIGHTS.

PORT BLAIR—ANDAMANS.

A white fixed light is shewn from the yardarm of the flagstaff on Ross Island, Port Blair. Height of light above high water is 159 feet, visible 8 miles.

MUTTUM—TRAVANCORE COAST.

Cadiapatam or Muttum light is only visible 16 nautical miles.

This notice affects Admiralty Charts 833, 825, 830, 2738, 751, and 827, and Bay of Bengal Pilot 1887.

SENATE HOUSE,

The 12th December 1887.

P. K. RAY,

Registrar.

BEHAR CIRCLE.

ENTRANCE EXAMINATION, 1888.

THE attention of those who wish to appear at the Entrance Examination of 1888, as teachers or as private students, is called to the following :—

I. By "teacher" is meant one who has been employed as such since 1st January 1887, and is a *bona fide* teacher, in receipt of a salary at the time of the examination. Satisfactory evidence of this will be required of those who wish to appear as teachers for the Entrance, F. A., or B. A. examinations.

II. By "private students" is meant those who do not appear from any school, or who have been transferred since November 1st, 1887, without the consent of a Circle Inspector. Private students, if they have read in any school between the 15th June and the 31st of December will be requested to send, together with their application, a certificate from the head-master of the last school in which they read, showing that they have observed the Inter-school Rules.

III. Teachers and private students will have to appear at the test examination of the nearest zillah school and pay a fee of two rupees.

IV. The application forms, when sent for the signature of the undersigned, must be accompanied by a statement signed by the head-master showing that there is a reasonable probability of the applicant's passing.

V. No applications to be allowed to appear at the test examination will be received later than 31st December 1887 from either teachers or private students.

VI. Head-masters of the zillah schools are informed that the standard of marking for the test examination is to be just that of the University. If candidates, whether pupils of the school, teachers or private students, fail to pass in more than two subjects, or fail very badly in two, their marks must be submitted to the undersigned, to decide whether they shall be sent up or not. Care must be taken to submit the marks in time.

BANKIPORE, the 6th October 1887.

The following are the conditions of sale:—

1.—The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2.—The opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by clause 13 of these conditions of sale. The bids must advance by Rs. 5 at a time.

3.—The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M.; but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or, if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4.—Each lot shall contain five chests

5.—A Promissory Note for a sum, calculated according to the scale noted in the margin,

DEPOSIT.
When the amount bid is less than
Rs. 1,200 per chest, Rs. 90 per chest.
On bids of Rs. 1,200 and upwards, but
less than Rs. 1,600 per chest, Rs. 300
per chest.
On bids of Rs. 1,600 and upwards, but
less than Rs. 2,000 per chest, Rs. 400
per chest.
And so on, Rs. 100 being added to the
deposit for every bid additional, to the
extent of Rs. 400.

shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P.M. in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank

Bengal Receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6.—The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7.—The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M. if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8.—No tender of money, Bank of Bengal Receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9.—The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10.—Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

11.—No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12.—The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13.—With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale.

at a maximum upset price, diminishing the same gradually until a bid is obtained; and the first *bond fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14.—The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15.—In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16.—The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, certificate of the opium advertised for sale; No. 2, report of the examination of such opium.

17.—The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazepore Factory for the year 1886-87, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug when packed at the Patna and Ghazepore Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18.—Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

By order of the Board of Revenue, L. P.,
K. G. GUPTA, *Offg. Secretary*.

NOTICE BY THE ACCOUNTANT-GENERAL, BENGAL.

SUPPLY BILLS.

NOTICE is hereby given that supply bills for sums of Rs. 500 and above in even rupees are usually obtainable on the treasuries named below at the rates of premium shewn.

Any person desiring to obtain a supply bill should send to the Bank of Bengal, Calcutta, a written application containing the following information—(1) his own name and address; (2) the name of the person to whom payment is to be made; (3) the treasury on which the bill is to be granted; and (4) the amount for which the bill is to be granted. With this application the cost of the bill (the amount plus the premium) should be paid into the Bank. If payment by telegram is desired (but this is admissible only in cases in which the name of the payee has been previously registered in the Accountant-General's office), the fact should be stated in the application, and an additional rupee paid with the cost.

The Bank of Bengal will, if the amount is available at the treasury named, receive the money tendered, and grant a receipt, returning the application therewith. The receipt and the application should then be sent to the Accountant-General's office, by which the bill will be granted.

The Bank of Bengal will be advised by the Accountant-General on the 1st and 16th of each month of the amounts available at the several treasuries, and will receive the amounts tendered by the first coming till those amounts are exhausted.

If the Bank refuses to receive any sum tendered owing to the amount not being available at the treasury, the application will be retained by the Bank and forwarded by it to the Accountant-General, who will advise the Bank and the applicant if the amount can be made available.

NOTIFICATION.

The 12th December 1887.—The following Notice to Mariners is published for general information.

COLMAN MACAULAY,
Secretary to the Govt. of Bengal.

GOVERNMENT OF BENGAL, FINANCIAL DEPARTMENT.

NOTICE TO MARINERS—(No. 72).

BAY OF BENGAL.

1.—RANGOON RIVER.

Chokey Lumps.

With reference to Notice to Mariners, No. 29 of 1886, issued from this Department, the Port Officer, Rangoon, reports that, after a careful examination of Chokey Lumps, there is not less than 14 to 15 feet of water in the Channel that leads close along the eastern bank of the river.

The ridge is very narrow, and not likely to be struck with the lead.

2—ANDAMAN ISLANDS—LITTLE ANDAMAN.

Commander A. Carpenter, R.N., in charge Indian Marine Surveys, notifies as follows:—

There is no reason to apprehend less than 6 fathoms of water on the shoal marked off the S.W. point of Little Andaman.

This shoal has been marked on the chart with a patch of black rocks which do not exist.

Fields of dead coral, partly encrusted with a brown growth, are scattered over the patch with 6 to 7 fathoms water over them, the general depth of the patch being 14 to 17 fathoms.

The geographical positions of the islands and points on the West coast of the Andaman are correct within two miles on Admiralty Chart 825 corrected to July 1882. The north end of Little Andaman and the Brothers require shifting five miles to the southward.

Little Andaman is visible 30 miles in clear weather from deck, and the 100 fathoms line extends about 10 miles off its west coast.

LIGHTS.

PORT BLAIR—ANDAMANS.

A white fixed light is shewn from the yardarm of the flagstaff on Ross Island, Port Blair. Height of light above high water is 159 feet, visible 8 miles.

MUTTUM—TRAVANCORE COAST.

Cadiapatam or Muttum light is only visible 16 nautical miles.

This notice affects Admiralty Charts 833, 825, 830, 2738, 751, and 827, and Bay of Bengal Pilot 1887.

ENTRANCE EXAMINATION, 1888.

The attention of those who wish to appear at the Entrance Examination of 1888, as teachers or as private students, is called to the following:—

I. By "teacher" is meant one who has been employed as such since 1st January 1887, and is a *bona fide* teacher, in receipt of a salary at the time of the examination. Satisfactory evidence of this will be required of those who wish to appear as teachers for the Entrance, F. A., or B. A. examinations.

II. By "private students" is meant those who do not appear from any school, or who have been transferred since November 1st, 1887, without the consent of a Circle Inspector. Private students, if they have read in any school between the 15th June and the 31st of December will be requested to send, together with their application, a certificate from the head-master of the last school in which they read, showing that they have observed the Inter-school Rules.

III. Teachers and private students will have to appear at the test examination of the nearest zillah school and pay a fee of two rupees.

IV. The application forms, when sent for the signature of the undersigned, must be accompanied by a statement signed by the head-master showing that there is a reasonable probability of the applicant's passing.

V. No applications to be allowed to appear at the test examination will be received later than 31st December 1887 from either teachers or private students.

VI. Head-masters of the zillah schools are informed that the standard of marking for the test examination is to be just that of the University. If candidates, whether pupils of the school, teachers or private students, fail to pass in more than two subjects, or fail very badly in two, their marks must be submitted to the undersigned, to decide whether they shall be sent up or not. Care must be taken to submit the marks in time.

When the amount bid is less than Rs. 1,200 per chest, Rs. 200 per chest.
On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.
On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.
And so on, Rs. 100 being added to the deposit for every bid additional, to the extent of Rs. 400.

of Bengal Receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6.—The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7.—The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M. if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8.—No tender of money, Bank of Bengal Receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9.—The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10.—Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

11.—No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12.—The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13.—With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained; and the first *bond fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14.—The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15.—In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16.—The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, certificate of the opium advertised for sale; No. 2, report of the examination of such opium.

17.—The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazepore Factory for the year 1886-87, the same precautions have been taken as those which have been observed during

past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug when packed at the Patna and Ghazespore Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18.—Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

By order of the Board of Revenue, L. P.,

K. G. GUPTA, *Offg. Secretary.*

NOTICE BY THE ACCOUNTANT-GENERAL, BENGAL.

SUPPLY BILLS.

NOTICE is hereby given that supply bills for sums of Rs. 500 and above in even rupees are usually obtainable on the treasuries named below at the rates of premium shewn.

Any person desiring to obtain a supply bill should send to the Bank of Bengal, Calcutta, a written application containing the following information—(1) his own name and address; (2) the name of the person to whom payment is to be made; (3) the treasury on which the bill is to be granted; and (4) the amount for which the bill is to be granted. With this application the cost of the bill (the amount plus the premium) should be paid into the Bank. If payment by telegram is desired (but this is admissible only in cases in which the name of the payee has been previously registered in the Accountant-General's office), the fact should be stated in the application, and an additional rupee paid with the cost.

The Bank of Bengal will, if the amount is available at the treasury named, receive the money tendered, and grant a receipt, returning the application therewith. The receipt and the application should then be sent to the Accountant-General's office, by which the bill will be granted.

The Bank of Bengal will be advised by the Accountant-General on the 1st and 16th of each month of the amounts available at the several treasuries, and will receive the amounts tendered by the first comers till those amounts are exhausted.

If the Bank refuses to receive any sum tendered owing to the amount not being available at the treasury, the application will be retained by the Bank and forwarded by it to the Accountant-General, who will advise the Bank and the applicant if the amount can be made available.

NOTICE TO MARINERS—(No. 72).

BAY OF BENGAL.

1.—RANGOON RIVER.

Chokey Lumps.

With reference to Notice to Mariners, No. 29 of 1886, issued from this Department, the Port Officer, Rangoon, reports that, after a careful examination of Chokey Lumps, there is not less than 14 to 15 feet of water in the Channel that leads close along the eastern bank of the river.

The ridge is very narrow, and not likely to be struck with the lead.

2.—ANDAMAN ISLANDS—LITTLE ANDAMAN.

Commander A. Carpenter, R.N., in charge Indian Marine Surveys, notifies as follows:—

There is no reason to apprehend less than 6 fathoms of water on the shoal marked off the S.W. point of Little Andaman.

This shoal has been marked on the chart with a patch of black rocks which do not exist.

Fields of dead coral, partly encrusted with a brown growth, are scattered over the patch with 6 to 7 fathoms water over them, the general depth of the patch being 14 to 17 fathoms.

The geographical positions of the islands and points on the West coast of the Andamans are correct within two miles on Admiralty Chart 825 corrected to July 1882. The north end of Little Andaman and the Brothers require shifting five miles to the southward.

Little Andaman is visible 30 miles in clear weather from deck, and the 100 fathoms line extends about 10 miles off its west coast.

LIGHTS.

PORT BLAIR—ANDAMANS.

A white fixed light is shewn from the yardarm of the flagstaff on Ross Island, Port Blair. Height of light above high water is 159 feet, visible 8 miles.

MUTTUM—TRAVANCORE COAST.

Cadiapatam or Muttum light is only visible 16 nautical miles.

This notice affects Admiralty Charts 833, 825, 830, 2738, 751, and 827, and Bay of Bengal Pilot 1887.

BEHAR CIRCLE.

ENTRANCE EXAMINATION, 1888.

THE attention of those who wish to appear at the Entrance Examination of 1888, as teachers or as private students, is called to the following :—

I. By "teacher" is meant one who has been employed as such since 1st January 1887, and is a *bonâ fide* teacher, in receipt of a salary at the time of the examination. Satisfactory evidence of this will be required of those who wish to appear as teachers for the Entrance, F. A., or B. A. examinations.

II. By "private students" is meant those who do not appear from any school, or who have been transferred since November 1st, 1887, without the consent of a Circle Inspector. Private students, if they have read in any school between the 15th June and the 31st of December will be requested to send, together with their application, a certificate from the head-master of the last school in which they read, showing that they have observed the Inter-school Rules.

III. Teachers and private students will have to appear at the test examination of the nearest zillah school and pay a fee of two rupees.

IV. The application forms, when sent for the signature of the undersigned, must be accompanied by a statement signed by the head-master showing that there is a reasonable probability of the applicant's passing.

V. No applications to be allowed to appear at the test examination will be received later than 31st December 1887 from either teachers or private students.

VI. Head-masters of the zillah schools are informed that the standard of marking for the test examination is to be just that of the University. If candidates, whether pupils of the school, teachers or private students, fail to pass in more than two subjects, or fail very badly in two, their marks must be submitted to the undersigned, to decide whether they shall be sent up or not. Care must be taken to submit the marks in time.

The following are the conditions of sale:—

1.—The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2.—The opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by clause 13 of these conditions of sale. The bids must advance by Rs. 5 at a time.

3.—The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M.; but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or, if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4.—Each lot shall contain five chests.

5.—A Promissory Note for a sum, calculated according to the scale noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P.M. in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank

DEPOSIT.
When the amount bid is less than Rs. 1,200 per chest, Rs. 900 per chest.
On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.
On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.
And so on, Rs. 100 being added to the deposit for every bid additional, to the extent of Rs. 400.

of Bengal Receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6.—The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7.—The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M. if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8.—No tender of money, Bank of Bengal Receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9.—The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10.—Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

11.—No deposit of public securities under the fifth of the present conditions will be required in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12.—The officer superintending the sale on the part of the Government is empowered to reject, at his discretion the bid of any individual, unless such individual shall on demand tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13.—With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained; and the first *bona fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14.—The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15.—In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16.—The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, certificate of the opium advertised for sale; No. 2, report of the examination of such opium.

17.—The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazepore Factory for the year 1886-87, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug when packed at the Patna and Ghazepore Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18.—Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

COMMISSIONER'S OFFICE, PRESIDENCY DIVISION, Calcutta, the 22nd December 1887.

NOTICE BY THE ACCOUNTANT-GENERAL, BENGAL.

SUPPLY BILLS.

NOTICE is hereby given that supply bills for sums of Rs. 500 and above in even rupees are usually obtainable on the treasuries named below at the rates of premium shewn.

Any person desiring to obtain a supply bill should send to the Bank of Bengal, Calcutta, a written application containing the following information—(1) his own name and address; (2) the name of the person to whom payment is to be made; (3) the treasury on which the bill is to be granted; and (4) the amount for which the bill is to be granted. With this application the cost of the bill (the amount plus the premium) should be paid into the Bank. If payment by telegram is desired (but this is admissible only in cases in which the name of the payee has been previously registered in the Accountant-General's office), the fact should be stated in the application, and an additional rupee paid with the cost.

The Bank of Bengal will, if the amount is available at the treasury named, receive the money tendered, and grant a receipt, returning the application therewith. The receipt and the application should then be sent to the Accountant-General's office, by which the bill will be granted.

The Bank of Bengal will be advised by the Accountant-General on the 1st and 16th of each month of the amounts available at the several treasuries, and will receive the amounts tendered by the first comers till those amounts are exhausted.

If the Bank refuses to receive any sum tendered owing to the amount not being available at the treasury, the application will be retained by the Bank and forwarded by it to the Accountant-General, who will advise the Bank and the applicant if the amount can be made available.

PART I A.

Orders and Notifications by the Government of India. &c.

[Reprinted from the "Gazette of India."]

The following order, issued by the Government of India in the Home Department, is republished for general information.

J. WARE EDGAR,
Offg. Chief Secy. to the Govt. of Bengal.

NOTIFICATION—PUBLIC.

Simla, the 24th June 1887.

No. 1416.—The Governor-General in Council is pleased to direct, under section 2 of "the Indian Explosives Act, 1884," that the said Act shall come into force on the first day of July 1887.

No. 1417.—(1) In exercise of the powers conferred by section 5 of the Indian Explosives Act, 1884, the Governor-General in Council is pleased to make the following Rules to regulate the transport and importation of explosives.

(2) These Rules extend to the whole of British India, but nothing in the Rules relating to the transport of explosives shall apply in any Port as defined in the Indian Ports Act, 1875, for which the Local Government may have made or may make special rules under the Indian Explosives Act, 1884, to regulate the transport of explosives therein.

PRELIMINARY.

Section 14 of the Indian Explosives Act, IV of 1884:

Nothing in this Act shall apply to the manufacture, possession, use, sale, transport or importation of any explosive—

- (a) by order of the Government, or
- (b) by any person employed under the Government in the execution of this Act, or as a keeper of a magazine, artizan, soldier, sailor, policeman or otherwise, or enrolled as a volunteer under the Indian Volunteers Act, 1869, in the course of his employment or duty as such.

1. For the purposes of these Rules, explosives shall be classified as follows, namely:—

Class 1	Gunpowder.
Class 2	Nitrate-mixture.
Class 3	Nitro-compound.
Class 4	Chlorate-mixture.
Class 5	Fulminate.
Class 6	Ammunition.
Class 7	Firework.

And when an explosive falls within the description of more than one class, it shall be deemed to belong exclusively to the latest of the classes within the description of which it falls.

CLASS 1.—Gunpowder Class.

The term "gunpowder" means exclusively gunpowder ordinarily so called.

CLASS 2.—Nitrate-mixture Class.

The term "nitrate-mixture" means any preparation, other than gunpowder ordinarily so called, formed by the mechanical mixture of a nitrate with any form of carbon or with any carbonaceous substance not possessed of explosive properties, whether sulphur be or be not added to such preparation, and whether such preparation be or be not mechanically mixed with any other non-explosive substance.

The nitrate-mixture class comprises such explosives as—

Pyrolithe,
Pudrolithe,
Poudre saxifragine,

and any preparation coming within the above definition.

CLASS 3.—Nitro-compound Class.

The term "nitro-compound" means any chemical compound possessed of explosive properties, or capable of combining with metals to form an explosive compound, which is produced by the chemical action of nitric acid (whether mixed or not with sulphuric acid) or of a nitrate mixed with sulphuric acid upon any carbonaceous substance, whether such compound is mechanically mixed with other substances or not.

The nitro-compound class has two divisions.

Division 1 comprises such explosives as—

Nitro-glycerine,
Dynamite,
Lithofracteur,

Dualine,
Glyoxiline,
Methylic nitrate,

and any chemical compound or mechanically mixed preparation with consists either wholly or partly of nitro-glycerine or some other liquid nitro-compound.

Division 2 comprises such explosives as—

Guncotton ordinarily so called,
Gunpaper,
Xyloidine,
Gun sawdust,
Nitrated guncotton,

Cotton gunpowder,
Schultz's powder,
Nitro-mannite,
Picrates,
Picric powder,

Tonite (or cotton-powder),

and any nitro-compound as before defined which is not comprised in the 1st division.

CLASS 4.—Chlorate-mixture Class.

The term "chlorate mixture" means any explosive containing a chlorate.

The chlorate-mixture class has two divisions.

Division 1 comprises such explosives as—

Horsley's blasting powder,
Brain's blasting powder,

and any chlorate preparation which consists partly of nitro-glycerine or of some other liquid nitro-compound.

Division 2 comprises such explosives as—

Horsley's original blasting powder,
Erhardt's powder,
Reverley's powder,

Hochstadter's blasting charges,
Richen's blasting charges,
Teutonite,

Chlorated guncotton,

and any chlorate-mixture as before defined, which is not comprised in the 1st division.

CLASS 5.—Fulminate Class.

The term "fulminate" means any chemical compound or mechanical mixture, whether included in the foregoing classes or not, which, from its great susceptibility to detonation, is suitable for employment in percussion caps or any other appliances for developing detonation, or which from its extreme sensibility to explosion, and from its great instability (that is to say, readiness to undergo decomposition from very slight exciting causes), is especially dangerous.

This class consists of two divisions.

Division 1 comprises such compounds as the fulminates of silver and of mercury, and preparations of these substances, such as are used in percussion caps, and any preparation consisting of a mixture of a chlorate with phosphorus, or certain descriptions of phosphorus compounds, with or without the addition of carbonaceous matter, and any preparation consisting of a mixture of a chlorate with sulphur, or with a sulphurate, with or without carbonaceous matter.

Division 2 comprises such substances as the chloride and the iodide of nitrogen, fulminating gold and silver, diazobenzol, and the nitrate of diazobenzol.

CLASS 6.—*Ammunition Class.*

The term "ammunition" means an explosive of any of the foregoing classes when enclosed in any case or contrivance, or otherwise adapted or prepared so as to form a cartridge or charge for small arms, cannon, or any other weapon, or for blasting, or to form any safety or other fuze for blasting or for shells, or to form any tube for firing explosives, or to form a percussion cap, a detonator, a fog signal, a shell, a torpedo, a war rocket or other contrivance other than a firework.

The term "percussion cap" does not include a detonator.

The term "detonator" means a capsule or case which is of such strength and construction, and contains an explosive of the fulminate-explosive class in such quantity that the explosion of one capsule or case will communicate the explosion to other like capsules or cases.

The term "safety fuze" means a fuze for blasting, which burns and does not explode, and which does not contain its own means of ignition, and which is of such strength and construction and contains an explosive in such quantity that the burning of such fuze will not communicate laterally with other like fuzes.

The expression "safety cartridges" means cartridges for small arms of which the case can be extracted from the small arm after firing, and which are so closed as to prevent any explosion in one cartridge being communicated to other cartridges.

The ammunition class has three divisions.

Division 1 comprises exclusively—

Safety cartridges,	Railway fog signals,
Safety fuzes for blasting,	Percussion caps.

Division 2 comprises any ammunition as before defined which does not contain its own means of ignition and is not included in Division 1, such as—

Cartridges for small arms, which are not safety cartridges,
Cartridges and charges for cannon, shells, mines, blasting, or other like purposes,
Shells and torpedoes containing any explosive,
Fuzes for blasting, which are not safety fuzes,
Fuzes for shells,
Tubes for firing explosives,
War rockets,

which do not contain their own means of ignition.

Division 3 comprises any ammunition as before defined which contains its own means of ignition and is not included in Division 1, such as—

Detonators,
Cartridges for small arms, which are not safety cartridges,
Fuzes for blasting, which are not safety fuzes,
Fuzes for shells,
Tubes for firing explosives,

which do contain their own means of ignition.

By ammunition containing its own means of ignition is meant ammunition having an arrangement, whether attached to it or forming part of it, which is adapted to explode or fire the same by friction or percussion.

CLASS 7.—*Firework Class.*

The term "firework" comprises firework composition and manufactured fireworks.

Division 1.—The term "firework composition" means any chemical compound or mechanically mixed preparation of an explosive or inflammable nature which is used for the purpose of making manufactured fireworks, and is not included in the former classes of explosives, and also any coloured fire composition.

Division 2.—The term "manufactured firework" means any explosive of the foregoing classes and any firework composition, when such explosive or composition is enclosed in any case or contrivance, or is otherwise manufactured so as to form a squib, cracker, serpent, rocket (other than a war rocket), maroon, star, lance, wheel, Chinese fire, Roman candle, or other article adapted for the production of pyrotechnic effects or pyrotechnic signals.

TRANSPORT.

(a)—*Packing.*

2. The following general rules shall be observed with respect to the packing of explosives for conveyance:

I.—Each class of explosive shall be separately packed.

II.—An explosive, not being an explosive of the 5th (fulminate) class or of the 2nd and 3rd divisions of the 6th (ammunition) class, or of the 1st division of the 7th (firework) class, shall, if not exceeding 5lbs. in quantity, be contained in a substantial case, bag, canister, or other receptacle made and closed so as to prevent the explosive from escaping.

III.—An explosive of the 1st (gunpowder) class, which is intended to be used for blasting purposes, may be carried in barrels covered with waxcloth or gunny.

IV.—In every other case the explosive shall be contained in a double package. The inner package shall be a substantial case, bag, canister, or other receptacle, made and closed so as to prevent the explosive from escaping, and the outer package shall be a box, barrel, or case of wood or metal or other solid material, and shall be of such strength, construction, and character that will not be broken or accidentally opened, or become defective or insecure whilst being conveyed, and will not allow the explosive to escape. Provided as follows :

- (a) If the explosive is explosive of the 1st or gunpowder class or is explosive of the 2nd (nitrate-mixture) class or is gun-cotton or other explosive of the 2nd division of the 3rd (nitro-compound) class, the quantity of explosive in any one outer package shall not, in the case of explosive of the first two classes, exceed 100lbs., and in the case of the last, 50 lbs.; and if the explosive be gun-cotton, it shall be carried thoroughly saturated with water.
- (b) If the explosive belongs to the 1st division of the 3rd (nitro-compound) class or to the 4th (chlorate-mixture) class, the inner package shall be without any metal in its construction, and the inner or outer package or both shall be thoroughly waterproof. No one of the inner packages shall contain more than 10lbs., and the aggregate quantity of the explosive in any one outer package shall not exceed 50lbs.
- (c) If the explosive belongs to the 5th (fulminate) class, it shall be packed in such manner as the Governor-General in Council may specially direct.
- (d) If the explosive belongs to the 1st division of the 6th (ammunition) class, or is any explosive of the 2nd division, an outer package shall not be required, but it may be contained in quantity not exceeding 100lbs. in a single package, which shall be a box, barrel, or case not less than 3/4ths of an inch in thickness, of such strength, construction, and character as will not be broken or accidentally opened or become defective or insecure whilst being conveyed, and will not allow the explosive to escape.
- (e) If the explosive belongs to the 3rd division of the 6th (ammunition) class, it shall be packed in a double package. The inner package shall not contain more than 2lbs. of such explosive, and no more than 50lbs. shall be contained in the outer package.
- (f) If the explosive belongs to the 1st division of the 7th (firework) class, it shall be contained in a double package. The inner package shall be a substantial canister, case, or other receptacle hermetically closed, and containing no more than 1lb. of explosive, and no more than 20lbs. shall be contained in outer package; and
- (g) If the explosive belongs to the 2nd division of the 7th (firework) class, it shall be contained in a box, barrel, or case of wood, metal, or other solid material, and of such strength, construction, and character that it will not be broken or accidentally opened, or become defective or insecure whilst being conveyed, and will not allow any explosive to escape, and the quantity of explosive in any one package shall not exceed 100lbs.

V.—Whatever be the amount of the explosive, and to whatever class or division of a class it belongs, the following conditions shall be observed :

- (a) The interior of every package, whether single or double, shall be kept free from grit and otherwise clean;
- (b) every package, whether single or double, when actually used for the packing of explosive, shall not be used for the packing of any other explosive of the same or any other class or for any other purpose;
- (c) there shall not be any iron or steel in the construction of any such single package or inner or outer package unless the same is effectually covered with tin, zinc, or other suitable material;
- (d) on the outermost package there shall be affixed, in conspicuous characters, by means of a brand or securely attached label or mark, the word "Explosive" followed by the name of the explosive or other description of the contents, and the name and address of the owners or sender; and
- (e) the amount of explosive in any single package, or, if there is a double package, in any one outer package, shall not exceed the amount specified in the foregoing rules, except with the consent of, and under conditions to be approved by, an officer appointed by the Local Government in this behalf.

3. If any person commits a breach of any of the foregoing rules relating to the packing of explosives for conveyance, he shall be punished with fine which may extend to Rs. 1,000.

(b) Mode of conveyance.

4. The following general rules shall be observed with respect to the conveyance of explosives:

I.—No explosive shall be conveyed from place to place unless packed in the manner provided for in the foregoing rules.

II.—There shall not be conveyed in any carriage or vessel, which is being used for the conveyance of an explosive, any explosive of a different class and division, of whatsoever nature which contains its own means of ignition unless it be sufficiently separated therefrom to prevent any fire or explosion which may take place in one such explosive being communicated to another.

III.—No explosive shall be loaded or unloaded except between sunrise and sunset.

IV.—Whilst the explosive is being loaded on, or unloaded out of any carriage or vessel, no fire or artificial light, nor any article which is liable to cause or communicate fire or explosion (such as charcoal, lucifer matches, articles for striking a light, petroleum to which the Petroleum Act or any Act repealing or amending the same applies or any spirit or oil or substance that gives forth an inflammable vapour at a temperature below 100° Fahrenheit) shall be, or shall be allowed to be, brought, had, or used dangerously near to such carriage, ship, or boat, and no smoking shall be allowed in, on, or dangerously near to the same: provided that when the use of a light for the purpose of such loading or unloading is unavoidable, a lamp of such construction, position, or character as not to cause any danger from fire or explosion may be used; and no person while handling any explosive (except gunpowder), explosive of division 1, class 6, or explosive of class 7, if packed in accordance with the packing rules), shall wear boots or shoes with iron or steel nails, heels, or tips.

V.—In loading or unloading any explosive, the casks and packages containing the same shall be passed from hand to hand and not rolled upon the ground; they shall be not thrown or dropped down, but shall be carefully deposited and stowed.

VI.—The explosive shall not be conveyed except in the interior of a carriage so enclosed on all sides with wood or metal, or in the hold of a ship or boat having a close deck, so closed as effectually to protect the explosive against accident by fire from without. If the explosive cannot be so secured, it shall be completely covered with painted cloth, tarpaulin, or other suitable material so as to effectually protect it against communication of fire.

VII.—There shall not be any iron or steel in the interior of the portion of the carriage or vessel with which the case containing the explosive is in contact, unless the same be effectually covered with leather, wood, cloth or other suitable material.

VIII.—In the stowing of explosive, due precautions shall be taken by means of a partition or otherwise, and by careful stowing to secure such explosive from being brought into contact with, or endangered by, any other article or substance conveyed in such carriage or vessel which is liable to cause fire or explosion; and if the explosive is dangerously affected by water, due precautions shall be taken to exclude water from coming into contact with such explosive.

IX.—The amount of explosive conveyed in any one carriage or vessel at any one time shall not exceed 2,000 lbs., unless the carriage be so enclosed on all sides with wood or metal, or the vessel have a close deck so closed as effectually to protect the explosive against accident by fire from without, in which case the amount of explosive conveyed shall not exceed the following:—

In any one carriage on a railway	10 tons.
In any one other carriage	2 "
In any one vessel	20 "

NOTE.—This rule must in the case of dynamite conveyed by railway be read subject to paragraph XII of rule 6.

X.—Nothing in the foregoing rules (except rule I) shall apply to any explosive of the 1st division of the 6th (ammunition) class, provided all due precautions are taken for the prevention of accidents.

5. The following rules shall be observed with respect to the conveyance of explosives otherwise than by public railway:

I.—No explosive shall be conveyed in a carriage or boat whilst carrying or plying for public passengers, unless the quantity be less than 5 lbs., and notice has been given beforehand to the person in charge of such carriage or boat: provided that there shall not be conveyed in any such carriage or boat any explosive of the 5th (fulminate) class, or any explosive of the 3rd division of the 6th (ammunition) class or of the 1st division of the 3rd (nitro-compound) class, except—

- (i) dynamite, which may be carried in the form of cartridges up to the limit of 5 lbs., provided that no detonators are carried in the same compartment: and
- (ii) detonators to the number of 200, provided that the amount of fulminate of mercury in the package or packages containing the detonators shall in no case exceed in the aggregate 3oz. (a certificate to this effect being given by the Agent of the Company by whom the detonators are tendered for transport); provided also that no dynamite is carried in the same compartment.

II.—With respect to the conveyance by carriage or vessel of explosive of the 5th (fulminate) class, or of the 3rd division of the 6th (ammunition) class, or of the 1st division

of the 7th (firework) class, or of larger quantities than 5lbs. of any other explosive, the following regulations shall be observed:—

- (1) The person in charge of the carriage or vessel shall not drive or conduct the same in a dangerous or reckless manner, and shall take all due precautions to avoid fire and explosion, and no person shall do any act or thing in relation to the explosive which tends to cause fire or explosion, and is not reasonably necessary for the conveyance of the explosive or for work immediately connected with such conveyance; and a person who is intoxicated shall not have charge of any carriage or vessel conveying explosive, and shall not be permitted to be in, or on, or attending the same.
- (2) A person shall not forward to any warehouseman or carrier a consignment of explosive, unless he has given notice to such warehouseman or carrier beforehand, stating the name and quantity of the explosive proposed to be conveyed, and the name and address of the proposed consignee, and has had an intimation that the warehouseman or carrier is prepared to receive the consignment; and a warehouseman or carrier shall not make such an intimation, nor receive such consignment, unless he is prepared to receive it, and forthwith to despatch the same, or to deposit it in a magazine or at a place at which a person is licensed to possess the same.
- (3) The carriage or vessel conveying the explosive shall be in charge of, and constantly attended by, some competent person, or by a sufficient number of competent persons, and such persons shall not, if the amount of explosive conveyed exceed 100lbs., stop or delay for a longer time than may be reasonably necessary, or stop unnecessarily at any place where such stopping would be attended with special public danger.

6. The following rules shall be observed with respect to the conveyance of explosives by public railway:

I.—No person shall send for carriage upon any railway any consignment of an explosive, unless he has given to the officer in charge of the railway station previous notice in writing which, at the option of the Railway Administration, may extend to 48 hours, of his intention to send such consignment, and stating the true name, description, quantity, and mode of packing of the explosive proposed to be conveyed, and his own name and address, and also the name and address of the proposed consignee, and unless he has had an intimation in writing from an authorized officer of the railway that such consignment will be received.

II.—No explosive which a Railway Administration shall, by any notice or regulation for the time being in force, notify that they will not receive, shall be brought, sent, or forwarded to, or upon, any railway of the said railway Administration.

III.—Consignments of explosives shall be sent to the forwarding station, and shall be received by the railway servants, only at such times, between sunrise and sunset, as the Railway Administration may appoint: and every package containing any explosive proposed to be conveyed on any railway shall immediately on arrival at the station be unloaded and placed in a safe place under the special direction of the officer in charge of the station.

IV.—An explosive must be removed by the consignee from the receiving station during the twelve hours of daylight after arrival: if this condition is not strictly complied with, the Railway Administration may return the consignment to the consignor at his risk and expense. And such packages shall in the meanwhile be kept as far away from the station buildings as possible, in the wagon they were conveyed in, or, if unloaded, shall be completely covered with tarpaulins or other suitable material, and, if necessary, shall be protected by a police guard.

V.—The Railway Administration may refuse to receive any packages which they suspect to contain any explosive packed or sent in contravention of these regulations. And in case any package, which the Railway Administration suspect, shall be upon any railway, they may open, or require to be opened, any such package, to ascertain the fact, at the risk and expense of the consignor, and may return the explosive contained in the package to the consignor at his risk and expense, keeping the packages pending such return in the manner prescribed in the preceding rule.

VI.—No explosive shall be conveyed by passenger train except of the kinds and in the manner hereinafter specified in this rule.

- (a) Safety cartridges and percussion caps and safety fuze (for blasting), also fog signals for railway use, may be conveyed by passenger train, in ordinary wagons or carriages.
- (b) Dynamite may be carried in the form of cartridges up to the limit of 5lbs., provided that no detonators are carried in the same compartment.
- (c) Detonators to the number of 200 may be carried, provided that in no case the amount of fulminate of mercury in the package or packages containing the detonators exceeds in the aggregate 3oz. (a certificate to this effect being given by the Agent of the Company by whom the detonators are tendered for transport), provided also that no dynamite is carried in the same compartment.

- (d) Sporting gunpowder or non-safety cartridges packed in double cases as before provided, so long as the gunpowder is contained in one-pound tin canisters packed in a stout wooden case with an outer covering of tin or zinc completely spark-proof, or in metal-lined cases of a pattern approved by the Railway Administration. But no outer case shall contain more than 25lbs. of gunpowder, and the total consignment of gunpowder or non-safety cartridges by one train shall not exceed 80lbs.

VII.—Not more than five carriages containing explosives shall be loaded or unloaded at any railway station, or be conveyed by any one train at any one time; and the quantity of explosive to be contained in any one carriage shall not exceed two-thirds of the normal load, unless the carriage shall be specially built and approved of by the Government of India for the conveyance of explosives. But nothing in this clause shall be held to apply to separate consignments of small-arms ammunition.

VIII.—There shall not be conveyed in the same carriage with any explosive, any lucifer or other matches, fuzes, pipe-lights, acids, naphtha, paraffine, petroleum to which the Petroleum Act or any Act repealing or amending the same applies, or any other volatile spirit or substance liable to give off an inflammable vapour or liable to spontaneous ignition, or to cause or communicate fire or explosion.

IX.—The consignor shall attach to the consignment note a certificate signed by an officer authorized by the Local Government in this behalf that the explosive, if it is gun-cotton, dynamite, or blasting gelatine, is of the standard purity, and has undergone no deteriorations since its manufacture; and further in the case of dynamite, that the cartridges have been examined and show no signs of exuded nitro-glycerine. The consignor shall also certify that the cartridges have been packed in this country in accordance with the packing rules.

X.—In the case of dynamite the outer package shall be marked with the date on which the dynamite was packed, and be secured with a leaden seal in token of the inspection having been made.

XI.—The certificate referred to in Rule IX shall be valid for six months after date, if the examination has been made between the 15th October and 31st March; but any Railway Administration which accepts dynamite for transport may demand a fresh certificate for dynamite presented for conveyance between 1st April and 15th October (both inclusive).

XII.—Packages containing dynamite shall be stowed in one layer only and secured so as to prevent movement during transit. The gross load in any one wagon shall not exceed 3 tons.

XIII.—No explosives belonging to the 5th (fulminate) class or to class VI, division 3, shall be carried in the same train with dynamite, or with any other explosive belonging to class III, division 1.

XIV.—Wagons used for the carriage of explosives shall be examined to see that they are spark-proof, and have been cleaned out before they are loaded. Hair cloth, hides, or other suitable material shall be spread on the floor of the wagon and between each layer of packages, except when the packages are covered with gunny or felt, or contain small-arms ammunition, packed in tin-lined service-pattern boxes.

XV.—Wagons containing explosives shall be loaded and unloaded on sidings distant as far as possible from the station buildings.

XVI.—More than three layers of packages containing explosives shall never be packed one above another, except in the case of small-arms ammunition packed in tin-lined service-pattern boxes, when such a restriction is unnecessary. The loading and unloading of explosives when once begun shall be diligently proceeded with during daylight until the same is completed.

XVII.—When the train is being marshalled, wagons loaded with explosives may be shunted by a locomotive, provided that they are separated from the engine by not less than three wagons containing no explosive nor easily inflammable substance; this precaution is not necessary with wagons specially constructed for the carriage of explosive. The speed of these movements will be restricted to 5 miles an hour; they will be superintended by a duly authorized officer, who will be held responsible for the observance of these orders. Flying shunts are strictly prohibited.

XVIII.—Wagons containing explosives shall be placed at the end of the train away from the locomotive, and shall be close coupled to one another, as well as to the adjoining wagons, and must be preceded and followed by three wagons not loaded with explosive or other traffic of an inflammable nature.

XIX.—If the wagons employed in the transport of explosive, as well as those immediately adjoining them, are provided with brakes, the brakes shall on no account be worked.

XX.—Wagons must in every case be locked when loaded with explosives.

XXI.—All operations connected with the transhipment of explosives at junction stations shall take place during daylight.

7. If any person commits a breach of any of the foregoing rules relating to the mode of conveyance of explosives, he shall be punished with a fine which may extend to Rs. 1,000.

IMPORTATION.

B. An explosive shall not be imported by sea into British India, except under and in accordance with the conditions of a license to import the explosive granted under these rules:

Provided that any explosive other than an explosive specified in Rule 11 may, previous to the grant of an importation license, if certified to be of British manufacture or, if not of British manufacture, if imported from the United Kingdom and covered by the certificate granted by one of Her Majesty's Inspectors of Explosives in England, be landed in accordance with such regulations as the Local Government may prescribe in this behalf, and be stored in a place set apart by the Local Government for this purpose. The Governor-General in Council may extend this privilege to any such explosive not of British manufacture regarding which he is satisfied that it has been manufactured under adequate official supervision.

Before any explosive is landed under the proviso to this rule, the consignee shall give to the Chief Customs Officers of the Port such undertaking, with or without security, as the said officer thinks sufficient, to obey, in the event of the explosive failing to satisfy the prescribed tests, such directions as to its disposal as the Local Government may see fit to prescribe.

9. If any person imports an explosive in contravention of Rule 8, he shall be punished with fine which may extend to three thousand rupees.

10. An explosive shall not be imported by sea except at the ports of Calcutta, Madras, Bombay, Rangoon, Calicut, Kurrachee, and Aden; but a license to import an explosive by sea from Rangoon into the ports of Akyab, Moulmein, Sandoway, Kyauk-Phyoo, Tavoy, and Mergui may be granted by the Magistrates of the districts in which these ports are respectively situated. The fee payable in respect of each such license shall be one rupee, and the license shall be in Form A in the Schedule hereto annexed.

11. If the explosive is gunpowder or an explosive of the 1st division of the 6th (ammunition) class or an explosive of the 7th (firework) class, the license to import the same may be granted at the ports of Calcutta, Madras, and Bombay by the Commissioner of Police, and at the ports of Rangoon, Calicut, Kurrachee, and Aden by the District Magistrate.

12. The fee payable in respect of each such license shall be Rs. 10.

13. Licenses for the importation by sea of any explosive other than those specified in Rule 11 shall be granted by the Local Government or by some officer specially authorized by the Local Government in this behalf.

14. No license for the importation of any explosive of the description referred to in Rule 13 shall be granted unless samples of the explosive taken, as hereinafter provided, are certified by the Chemical Examiner, or some other officer appointed by the Local Government in this behalf, to pass the test which may from time to time be prescribed for such explosive by the Government of India.

15. On the arrival in any port at which importation of explosives is lawful of a ship having on board an explosive other than an explosive of the description referred to in Rule 11, such officer as the Chief Customs Officer authorizes in this behalf shall, as soon as may be, proceed on board and obtain samples of the explosive.

The master of the ship shall give to the said officer, without charge, such samples as he may require. The said officer shall affix to each such sample the name of the ship and of the consignee and such other distinguishing marks as he may think necessary, and shall forward the same to the Chemical Examiner or officer as aforesaid for report.

The Chemical Examiner or officer as aforesaid, after testing the said samples, shall without delay forward to the licensing authority, through the Chief Customs Officer, a report under his signature certifying whether the explosive has satisfied the prescribed test.

16. The period for which a license to import an explosive, granted under Rule 13, shall continue in force shall not exceed such period as may seem necessary to the authority granting the license.

17. The fee payable on a license granted under Rule 13 shall be Rs. 10.

18. Every license granted under Rules 11 and 13 shall be in Form A in the Schedule hereto annexed, and shall be subject to the conditions therein prescribed, and also to such additional conditions with respect to the time and place of unloading, landing, delivery, and conveyance of the explosive, and such other conditions as may in each case be thought by the licensing officer to be necessary for the public safety or in the interests of the State.

19. If any person commits a breach of any condition subject to which a license under Rules 11 and 13 is granted, he shall be punished with fine which may extend to three thousand rupees.

GENERAL.

20. Every license granted under these rules shall be liable to be forfeited on breach of any of the conditions subject to which it is granted.

21. If a person licensed to import an explosive dies or becomes bankrupt, or becomes mentally incapable or otherwise disabled, the person carrying on the business of such licensee shall not be liable to any penalty or forfeiture under the Act or the rules made thereunder for acting under the license during such reasonable time as may be necessary to allow him to make an application to the authority granting the license for a new license in his own name during the currency of the unexpired portion of the original license. Such new license shall be granted on the payment of one rupee.

22. The fees leviable under these rules shall be taken in the shape of "impressed stamps." Ordinarily the applications for license or renewals of licenses shall, if not otherwise provided, be written on "impressed stamps" of value equal to the amount of fee leviable in respect of such licenses or renewals, the licenses themselves being issued on plain paper. But when the licenses themselves are written or printed on impressed stamps, the

application may be on plain paper. When an application for license is written on an impressed stamp, and the license is refused, the value of the stamp will on application be refunded to the applicant.

23. When a license granted in accordance with these rules is lost, or accidentally destroyed, a duplicate may be granted to the licensee on payment of a fee of 8 annas.

24. Any person holding a license, or acting under a license, granted in accordance with these rules, shall be bound to produce the same when called upon to do so by any Magistrate, or by any police officer in charge of a police-station, or by any police officer of higher rank.

25. All Magistrates or other authorities acting under these rules will perform their duties, subject to the control of their executive superiors and of the Local Government.

26. Any authority empowered to grant a license under the foregoing rules may, if he thinks fit, direct by an order written on the license that it shall have the effect of a like license under the Indian Arms Act, 1878.

27. Any persons lawfully entitled under the Indian Arms Act, 1878, or the rules made thereunder, to possess any explosive coming under the head of ammunition as defined in that Act, may possess or import without license under these rules any such explosive in reasonable quantities for his own private use: but when an explosive is so imported, the Collector of Customs or any other officer empowered by the Local Government in this behalf by name or by virtue of his office may at any time detain such explosive until he receives the orders of the Local Government thereon.

Conditions.

1. This license is given subject to the provisions of "The Indian Explosives Act, 1884," and the Rules framed thereunder.
2. This license becomes void after expiry of the period named thereon.
3. This license is valid for importation only: if the articles named herein are to be transported to any place outside the Presidency Town, they must be protected by a transport license, to be issued in accordance with the Rules framed under the Indian Arms Act, 1878.
4. On the outside of each package there shall be affixed in conspicuous characters by means of a brand or securely attached label or mark the word "Explosive," followed by the name of the explosive or other description of the contents, and the name and address of the owners or senders.

No. 1418.—With reference to Rule 14 of the Rules to regulate the transport and importation of explosives, published with Home Department Notification No. 1417, dated the 24th June 1887, the Governor-General in Council is pleased to make the following Rule on the subject of the tests which certain explosives shall be required to pass before their importation is permitted:—

Rule.

The following explosives and none others shall be liable to be tested under these Rules:—

- (1) All nitro-compounds included in class III, division 1.
- (2) Nitro-compounds containing gun-cotton included in class III, division 2.
- (3) Chlorate-mixtures containing nitro-glycerine included in class IV, division 2.
2. To nitro-compound mixtures included in class III, division 1, except methylic nitrate, the following tests are applicable:—
 - (a) Heat test for nitro-glycerine contained in dynamite and analogous nitro-glycerine preparations;
 - (b) Heat test for nitro-glycerine preparations;
 - (c) Heat test for blasting gelatine and gelatine dynamite;
 - (d) Test for liquefaction of blasting gelatine and gelatine dynamite;
 - (e) Test for liability to exudation of blasting gelatine and gelatine dynamite.
3. To those nitro-compound mixtures included in class III, division 2, which contain gun-cotton, the heat test for nitro-glycerine preparations in clause (b) of the preceding paragraph is applicable.
4. To those chlorate-mixtures contained in class IV, division 2, which contain nitro-glycerine, one or more of the five tests contained in paragraph 2 above are applicable, but the precise test or tests to be applied shall be regulated by the composition of the explosive.
5. The tests specified above shall be applied in the following manner:—

HEAT TEST FOR NITRO-GLYCERINE CONTAINED IN DYNAMITE AND ANALOGOUS NITRO-GLYCERINE PREPARATIONS.

Apparatus required.

1. Test-tubes from $5\frac{1}{4}$ inches to $5\frac{1}{2}$ inches long, and of such diameter that they will hold from 20 to 22 cubic centimeters of water when filled to a height of 5 inches.
2. The test-tubes to be fitted with perforated corks, which should be conical so as to fit all the tubes equally well. The perforations hold glass rods provided with a hook of glass or platinum to hold the test-paper.
3. The heating apparatus, as prescribed with the original Government heat test.* This apparatus is described at page 112 of the Report of the Special Committee on gun-cotton, 1871 to 1874.

Materials required.

a. *Test-paper.*—The test-paper is prepared as follows:—45 grains of white starch, previously washed with cold water, are added to $8\frac{1}{2}$ ounces of distilled water; the mixture is stirred, heated to boiling, and kept gently boiling for 10 minutes; 15 grains of pure potassium iodide (i.e., which has been re-crystallized from alcohol) are dissolved into $8\frac{1}{2}$ ounces of distilled water. The two solutions are thoroughly mixed and allowed to get cold. Strips or sheets of white English filter paper, previously washed with water and re-dried, are dipped into the solution thus prepared, and allowed to remain in it for not less than 10 seconds; they are then allowed to drain and dry in a place free from laboratory fumes and dust. The upper and lower margins of the strips or sheets are cut off, and the paper is preserved in well stoppered or corked bottles and in the dark. The dimensions of the pieces of test-paper used are about $\frac{1}{10}$ inch by $\frac{1}{10}$ inch (10 mm. by 20 mm.).

b. *Standard tint paper.*—A solution of caramel in water is made of such concentration that when diluted one hundred times (10 cc. made up to 1 litre) the tint of this diluted solution equals the tint produced by the Nessler test in 100 cc. water containing 0.000075 grm. of ammonia or 0.00023505 grm. of chloride of ammonium. With this caramel solution lines are drawn on strips of white filter paper* by means of a clean quill-pen. When the marks thus produced are dry, the paper is cut into pieces of the same size as the test-paper previously described in such a way that each piece has a brown line across it near the middle of its length, and only such strips are preserved in which the brown line has a breadth varying from $\frac{1}{2}$ mm. to 1 mm. ($\frac{1}{50}$ th of an inch to $\frac{1}{25}$ th of an inch).

* A globe of copper or other suitable material may be used instead of the glass globe, and any efficient gas regulator, such as a Pe's regulator, may be substituted in place of Scheibler's regulator.

Conditions.

1. This license is given subject to the provisions of "The Indian Explosives Act, 1884," and the Rules framed thereunder.

b. *Standard tint paper.*—A solution of caramel in water is made of such concentration that when diluted one hundred times (10 cc. made up to 1 litre) the tint of this diluted solution equals the tint produced by the Nessler test in 100 cc. water containing 0.000075 grm. of ammonia or 0.00023505 grm. of chloride of ammonium. ($\frac{1}{8}$ th of an inch to $\frac{1}{25}$ th of an inch).

* A globe of copper or other suitable material may be used instead of the glass globe, and any efficient gas regulator, such as a Pe. e's regulator, may be substituted in place of Scheibler's regulator.

Preparation of the Sample to be tested.

a. Apparatus required.—A wide-mouthed bottle (*a*) of about 6 oz. capacity, to which is fitted an india-rubber stopper (*b*) having two perforations. Through one of these passes the bent tube (*c*), through the other the filtering tube (*d*). The latter should have sufficient capacity to hold about 500 grains of dynamite. Within the bottle is placed a small test-tube (*e*) to receive the nitro-glycerine filtering through (*d*).

b. Mode of operation.—About 400 grains of dynamite, finely divided, are placed into the filtering tube (*d*) (small piece of cotton-wool having previously been pushed into the contracted part of the tube), and made to fill it as evenly as possible by shaking and tapping; the upper surface is smoothed by gently pressing with a wooden rammer.

Water is then poured on the top of the dynamite and allowed to sink into it by its own weight until a sufficient quantity of nitro-glycerine has been displaced. The bent tube (*c*) may then be connected with the filtering pump or other means of reducing the pressure in the bottle, the displacement of the nitro-glycerine being thus accelerated.

The nitro-glycerine collects in the tube (*e*), and the operation is stopped before the water reaches the narrow part of the filtering tube.

If any water should have passed through with the nitro-glycerine, it should be removed with a piece of blotting paper, and the nitro-glycerine, if necessary, filtered through a dry paper filter.

Application of the test.

The thermometer is fixed so as to be inserted through the lid of the glass globe into the water (which is to be steadily maintained at a temperature of 160° F.) to a depth of 2½ inches. Fifty grains of nitro-glycerine to be tested are weighed into a test-tube in such a way as not to soil the sides of the tube. A test-paper is fixed on the hook of the glass rod, so that, when inserted into the tube, it will be in a vertical position. A sufficient amount of a mixture of half distilled water and half glycerine is now applied to the upper edge of the test-paper by means of a camel's hair pencil to moisten the upper half of the papers, the cork carrying the rod and paper is fixed into the test-tube, and the position of the paper adjusted, so that its lower edge is about halfway down the tube; the latter is then inserted through one of the perforations of the cover to such a depth that the lower edge of the test-paper is just above the surface of the cover. The test is complete when the faint brown line which after a time makes its appearance at the line of boundary between the dry and moist part of the paper equals in tint the brown line of the standard tint paper.

The nitro-glycerine under examination will be considered as "thoroughly purified" within the terms of the license, whenever the time necessary to produce the standard tint as above described is *not less* than 15 minutes.

* This paper must be carefully washed with distilled water in the first instance to remove any traces of bleaching matter, and dried.

HEAT TEST FOR NITRO-GLYCERINE PREPARATIONS.

Fig. II.

Fig. III.

Fig. IV.

Apparatus required.—1. A spherical glass vessel (Fig. I.) about 8 inches diameter (*a*), filled with water to within a quarter of an inch of the edge, having a loose cover of sheet tin or copper about 7 inches square (*b*), rests on a tripod stand about 14 inches high (*c*) covered with coarse iron-wire gauze (*e*), and surrounded with a screen of thin sheet copper (*d*). Within this is placed an argand burner (*f*) with glass chimney. Over the glass globe is placed a common green paper lamp shade (*m, n*). The cover (*b*) has five holes arranged as seen in Fig. II.; No. 5 to receive the thermometer; No. 1, the regulator; No. 4, a small funnel; and Nos. 2 and 3, test-tubes, containing the guncotton to be tested. Around holes 2 and 3, on the underside of the cover, are soldered 3 pieces of the brass wire with points slightly converging (Fig. III. turned upside down); these, acting as springs, allow the test-tubes to be easily placed in position and removed.

2. Scheibler's temperature regulator.
3. Two cells of Le Clanche's battery No. 1.
4. A few yards of insulated copper wire.
5. Test-tubes about $\frac{5}{8}$ inch diameter, and not less than 5 inches long.
6. Glass rod with a flat head—of sufficient length to reach the bottom of test-tubes.
7. Corks, fitting the test-tubes and carrying an arrangement for holding the test-paper (a thin glass tube passing through the centre of the cork, drawn out and terminating in a platinum wire hook, Fig. IV).
8. A thermometer with range not less than from 30° to 212° Fahrenheit.
9. A minute clock.

materials required.—The *test-paper* is prepared as follows:—45 grains of white starch are added to 8½ ounces of water, and the mixture is stirred and heated to boiling; 15 grains of iodide of potassium are dissolved in 8½ ounces of water. The two solutions are thoroughly mixed together. Strips or sheets of white Swedish filter paper are dipped in the solution thus prepared; they are then allowed to drain and dry. The dimensions of the pieces of test-paper used are about ½ inch by $\frac{3}{8}$ inch. The paper should be preserved in a well stoppered or corked bottle.

Preparation of Samples for testing.—Half a cartridge of the material (or about 500 grains if it is not supplied in the form of cartridges) is thoroughly rubbed up together, so as to furnish a very uniform sample. If the material is frozen, it should first be thawed.

Application of the test.—The thermometer is fixed so as to be inserted through the lid of the glass globe into the water (which is to be steadily maintained at a temperature of 160° Fahrenheit to a depth of 2½ inches). Fifty grains of the samples to be tested are inserted into the test-tube and gently pressed down to the bottom with a flat headed glass rod. The test-tube is then inserted through the perforation in the cover, and is immersed in the hot water to the depth of 2½ inches, the tube being closed with a loosely-fitting cork. A test-paper is fixed on the lower extremity of the glass rod, so that, when inserted into the tube, it will be in a vertical position. A drop of distilled water, containing 10 per cent. of pure glycerine, is applied to the upper edge of the test-paper, the quantity used being only sufficient to moisten about half of the paper; the first cork is then taken out of the test-tube and replaced by the cork holding the glass rod and test-paper, keeping the test-paper as near the top of the test-tube as possible until the tube has been immersed for about five or six minutes. A ring of moisture will about this time be deposited in the test-tube a little above the cover of the bath; the glass rod must then be lowered until the lower margin of the moistened part of the paper is on a level with the bottom of the ring of moisture in the tube; the paper is now closely watched. The test is complete when a very faint brown coloration makes its appearance at the line of boundary between the dry and moist part of the paper. The interval of time between the first insertion of the tube containing the sample in the water at 160°, and the first appearance of discoloration on the paper, constitutes the test.

HEAT TEST FOR BLASTING GELATINE AND GELATINE DYNAMITE.

Fifty grains of blasting gelatine are to be intimately incorporated with one hundred grains of French chalk. The mixture is to be gradually introduced into a test-tube of the dimensions prescribed in the dynamite heat test, with the aid of gentle tapping upon the table between the introduction of successive portions of the mixture into the tube; so that, when the tube contains all the mixture, it shall be filled to the extent of 1½ inches (one inch and three-quarters) of its height. The test-paper is then to be inserted, and the heat is to be applied in the manner prescribed for the dynamite heat test, and the sample tested is to withstand exposure to 160° Fahrenheit for a period of ten minutes before producing a discoloration of the test-papers corresponding in tint to the standard colour test which is employed for governing the results of the dynamite heat test.

TEST FOR LIQUEFACTION OF BLASTING GELATINE AND GELATINE DYNAMITE.

A cylinder of blasting gelatine to be cut from the cartridge to be tested; the length of the cylinder to be about equal to its diameter, and the ends being cut flat.

The cylinder is to be placed on end on a flat surface without any wrapper, and secured by a pin passing vertically through its centre.

In this condition the cylinder is to be exposed for one hundred and forty-four consecutive hours (six days) to a temperature ranging from 85° to 90° Fahrenheit (inclusive), and during such exposure the cylinder shall not diminish in length by more than one-fourth, and the upper cut surface shall retain its flatness and the sharpness of its edge.

NOTE.—(If the blasting gelatine and gelatine dynamite to be tested be not made up in a cylindrical form, the above test is to be applied with the necessary modifications.)

TEST FOR LIABILITY TO EXUDATION OF BLASTING GELATINE AND GELATINE DYNAMITE.

There shall be no separation from the general mass of the blasting gelatine or gelatine dynamite of a substance of less consistency than the bulk of the remaining portion of the material under any conditions of storage, transport or use, or when the material is subjected three times in succession to alternate freezing and thawing, or when subjected to the liquefaction test hereinbefore described.

*Sections 169 (a) and (b).**Substitute the following for Sections 169 (a) and (b) :—*

- (a) As a rule, a pensioner must take payment in person, after identification, by comparison with the permanent pay order.
- (b) A pensioner specially exempted by the Local Government from personal appearance, a female pensioner not accustomed to appear in public, or a male pensioner who is unable to appear in consequence of bodily illness or infirmity, may receive his or her pension upon the production of a Life Certificate, signed by a responsible officer of Government or by some other well-known and trustworthy person.
- (c) A pensioner of any description who produces a Life Certificate, signed by some person exercising the powers of a Magistrate of any class under the Criminal Procedure Code, or by any Registrar or Sub-Registrar under the Registration Act, or by any pensioned officer who, before retirement, exercised the powers of a Magistrate, is also exempted from personal appearance.
- (d) In all cases referred to in the clauses (b) and (c) the Disbursing Officer must take precautions to prevent imposition, and must, before the first payment in each year, require proof, independent of that furnished by the Life Certificate, of the continued existence of the pensioner. For this purpose he should (save in cases of exemption from personal appearance granted by the Local Government) require the personal attendance and due identification of all male pensioners who are not incapacitated by bodily illness or infirmity from so attending, and in all cases where such inability may be alleged, he should require proof thereof, in addition to the proof submitted of the pensioner's existence.

Section 61.

Insert the following as a footnote to this Section :

"A question having been raised as to whether a Military Officer in Civil employ, who is under Military Leave Rules of 1868, can take ordinary furlough three years after return

from his last furlough, notwithstanding that he has during the three years' interval taken six months' special leave under the Rules of the Civil Leave Code, as allowed by section 2 of that Code, I am directed to state that in such case the following rulings are to apply :

- (1) The period of three years required for furlough is not broken by special leave intervening ; but
- (2) the special leave does not count as part of the three years,
- (3) special leave is not included when counting the maximum eight years allowed for furlough,
- (4) special leave does not count as service for furlough.
